Socialization: Children socialize and learn important skills such as empathy and communication through play. Providing a space where children of all abilities can play side by side is important. Play events such as the Trigon Arch climber and Luge slide provide hours of fun, socialization and development for children.

Climbing: Climbing brings adventure and challenge to the playground while providing necessary developmental benefits such as balance, agility, upper and lower body strength and decision-making skills! When children climb, they develop confidence and take age appropriate risks that help build skills that will help them throughout their lives.

SOCIAL MEDIA – EASTER EGG HUNT

- Just because we can't hold our City Events, doesn't mean City Staff can't celebrate with you virtually.
- For Easter City Staff managed to have a little fun and help reinforce some safety tips ...
