INTRODUCTORY SECTION

Finance Department

December 8, 2022

Members of the City Council, the City Manager, and the Citizens of the City of West Covina:

It is a pleasure to submit the Comprehensive Annual Financial Report (CAFR) of the City of West Covina (City) for the fiscal year ended June 30, 2022. This report consists of management's representations concerning the finances of the City. Management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed to both protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City's financial statements have been audited by Van Lant & Fankhanel, LLP, a firm of certified public accountants. The auditors have issued an unmodified opinion on these financial statements. Their report is located at the front of the financial section of this report.

The Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

Profile of the Government

The City of West Covina is located in the San Gabriel Valley, 20 miles east of downtown Los Angeles and 15 miles north of Orange County. Incorporated as a general law city in 1923, the City's 16 square miles flourished with walnut groves and orange groves for many decades. The post-World War II building boom rapidly transformed the City, which experienced a significant population increase between 1950 and 1960, from less than 5,000 to more than 50,000 citizens. Subsequent to this rapid population increase, the City has continued to grow at a steady pace with a current population in excess of 108,000.

The City's location and access to major freeways makes West Covina close to many visitor attractions and an ideal business and commercial center. The City has over 32,000 housing units and offers the amenities of a big city location with a high standard of living for its community.

Under the Council-Manager form of government, the five City Council members are elected by districts to overlapping four-year terms. The City Council selects a Mayor from one of its members each November to serve a one-year term. The City Council is responsible for, among other things, passing ordinances, adopting the budget, appointing committees, and hiring both the City Manager and City Attorney. The City Manager is responsible for carrying out the policies and ordinances of the City Council, for overseeing the day-to-day operations of the City, and for appointing the heads of the various departments.

The City provides a full range of services to its citizens, including police, fire and emergency medical; construction and maintenance of streets, traffic signalization and other infrastructure; planning and building safety; and social, recreational and cultural activities and events. The City offers sixteen parks, four community centers, a Sports Complex, and a county operated library. The City is financially accountable for the Successor Agency to the former Redevelopment Agency of the City of West Covina, a financing authority, and a housing authority, which are combined within the City's financial statements. Additional information regarding all three of these legally separate entities can be found in the notes to the financial statements.

The annual budget serves as a foundation for the City's financial planning and control. The City Council holds public hearings and adopts an annual budget for all funds. The budget appropriations are prepared by fund, function, and department. The City Manager is authorized to transfer budgeted amounts within departments to assure adequate and proper standards of service. Budgetary revisions, including supplemental appropriations which increase total appropriations in individual funds must be approved by the City Council.

Economic Outlook and Major Objectives

From early in its history, the City of West Covina has been noted as a city of beautiful homes. Through its General Plan, the City Council strives to maintain the City's high-quality residential base and living environment. The City's identity is defined by carefully designed entry point elements, landmark areas, and open space areas.

Known as the headquarters of the East San Gabriel Valley, the City strives to maintain a prosperous business and commercial climate. Despite the current challenging financial and economic environment, West Covina derives significant economic stability from the City's three major commercial districts: Plaza West Covina, Eastland Center, and The Lakes.

In December 2020, the California State Auditor identified several risks in the City's financial condition, including a major unfunded pension liability, general fund expenditures that have exceeded revenues, and high turnover and reductions in staff in recent years. The City of West Covina continues work to secure the financial future of the City while safeguarding the delivery of great public services. This requires stewardship and a willingness to consider all alternatives in service provision.

Fiscal year 2021-22 marks two years from the economic impact of the unprecedented worldwide pandemic, COVID-19. The pandemic impacted the global economy, our public health care system, unemployment rates, rising rents, and increased inflation. Governments utilized multiple financial assistance grants and programs to help stimulate the economy and to fund the increased costs associated with managing the

pandemic. Federal and State stimulus monies were sent to Americans and also to businesses through the CARES Act approved by Congress in March 2020 for \$2.2 trillion and December 2020 for \$900 billion. A third stimulus package was later approved, the American Rescue Plan Act, enacted in March 2021 for \$1.9 trillion. From which, the City received over \$19 million.

As California started returning to normal in FY2021-22, businesses were reopening, events were being held, and the City was able welcome the community back into our facilities. As a result, the City experienced a bounce back in its major revenue drivers – sales tax and transient occupancy tax. As we move into the next fiscal year, the City is cautiously expecting the positive outlook to flatten and remain steady for the local economy.

As noted in our current fiscal year's finances, there is a General Fund balance of \$24.2 Million as the ending fund balance. The City was able to secure memorandums of understanding for the nine bargaining groups and complete capital projects for the City. The City of West Covina will continue to strive to provide the highest level of service to its residents and businesses, so the community can thrive.

Short-term and Long-term Financial Planning

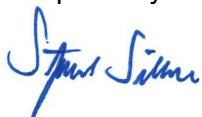

Annually, the City adopts a budget covering operating revenues and expenditures, labor usage, capital expenditures, and other sources and uses of funds. For financial planning purposes, the City conducts comprehensive citywide financial forecasting in conjunction with its revenue consultants and other sources.

During the past few years, the City has utilized a range of temporary and permanent cost reduction initiatives, economic development, and revenue generation priorities, outside grants, and the use of fiscal reserves as necessary. As a result, the City has weathered the effects of the recession and coronavirus stay-at-home orders while providing critical services to the public in areas such as public safety, facility maintenance, parks maintenance, and infrastructure improvement. On June 5, 2018, the City Council adopted a fund balance policy to maintain a minimum unassigned fund balance of 17% of the General Fund operating expenditures.

Awards and Acknowledgements

The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I would like to express my appreciation to all members of the Department who assisted and contributed to the preparation of this report. These are extremely challenging times for local government in which many difficult decisions must be made. Credit also must be given to City Council for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

Stephanie Sikkema

FINANCIAL SECTION

Independent Auditor's Report

The Honorable City Council
City of West Covina, California

Report on the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of West Covina (City), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of West Covina, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cashflows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As described in Note 1 to the financial statements, in 2022, the City adopted new accounting guidance, *GASB Statement No. 87, Leases*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Van Lant & Fankhanel, LLP

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying combining statements and budgetary schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements, as listed in the table of contents, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated December 22, 2022, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Van Lant & Fankhaed, LLP

December 22, 2022
Murrieta, CA

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following discussion and analysis of the financial performance of the City of West Covina (the City) provides an overview of the City's financial activities for the fiscal year ended June 30, 2022. The information presented herein should be considered in conjunction with the transmittal letter and financial statements identified in the accompanying table of contents.

FINANCIAL HIGHLIGHTS

- As of June 30, 2022, the City's total net position (assets plus deferred outflows of resources less liabilities and less deferred inflows of resources) was \$11.2 million.
- The City's total net position increased \$37.6 million from the prior year. This is mostly due to a decrease in long-term debt related to the net pension liability of \$196.1 million plus an increase in the net pension asset of \$65.7 million. In the prior year, there was an issuance of the 2020 Lease Revenue Bonds. The decrease to debt is offset with a decrease to Deferred Outflows of Resources relating to pension and OPEB liabilities of \$185.2 million. Additionally, there is an increase in capital assets of \$11.7 million as the City is investing into needed upgrades to the infrastructure.
- The City's total governmental funds reported combined ending fund balances of \$131.3 million, an increase of \$4.2 million in comparison with the prior fiscal year of \$127.1 million. The increase is comprised of changes in fund balance, primarily in the non-major Park Development fund for \$3.9 million. Of the \$131.3 million fund balance, \$3.4 million, or 2.6%, of this total is non-spendable (not available for new spending). The restricted fund balance categories of \$100.7 million, or 76.7%, is spendable for restricted purposes. The assigned fund balance of \$6.6 million, or 5.0%, represents amounts that are intended to be used for specific purposes, but are not formally restricted or committed. The unassigned fund balance category of \$20.6 million, or 15.7%, represents the City's fund balance reserves.
- The City's business-type computer service enterprise activity (West Covina Service Group) had an operating gain for fiscal year (FY) 2021-22 of \$196,547, compared with a \$282,448 operating gain in FY 2020-21. The total net position for the computer service enterprise fund as of June 30, 2022 is 235,307. The net position in the prior year was \$38,329.

OVERVIEW OF THE FINANCIAL STATEMENTS

The annual report consists of four parts – *management's discussion and analysis* (this section), the *basic financial statements*, *required supplementary information*, and an optional section that presents *combining statements* for non-major governmental funds and internal service funds. The basic financial statements include two kinds of statements that present different views of the City:

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the City's overall financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the City government, reporting the City's operations in *more detail* than the government-wide statements.
- The *governmental funds* statements tell how *general government* services like public safety were financed in the *short-term* as well as what remains for future spending.

- *Proprietary funds* statements offer *short-* and *long-term* financial information about the activities that are operated like a business, such as the West Covina Service Group, the City's computer service enterprise.
- *Fiduciary fund* statements provide information about the fiduciary relationships – like the custodial funds of the City – in which the City acts solely as an *agent* or *trustee* for the benefit of others, to whom the resources in question belong.

The financial statements also include *notes* that provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Reporting the City as a Whole

The accompanying **government-wide financial statements** include two statements that present financial data for the City as a whole. The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net position and changes in them. The City's net position is one way to measure the City's financial health, or financial position. Over time, increases and decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating. You will need to consider other non-financial factors, however, such as changes in the City's property tax or sales tax base and the condition of the City's roads, to assess the overall health of the City.

The Statement of Net Position and the Statement of Activities are divided into two kinds of activities:

- Governmental activities – Most of the City's basic services such as public safety, streets and roads, economic development and parks and recreation, are reported here. Sales taxes, property taxes, state subventions, and other revenues finance most of these activities.
- Business-type activities – The City charges a fee to customers to help it cover all or most of the cost of the services accounted for in these funds. These activities include the City's computer service enterprise operation.

The government-wide financial statements include the West Covina Housing Authority, the West Covina Public Financing Authority, the Parking Authority of the City of West Covina and the West Covina Community Services Foundation (component units), along with the City of West Covina (the primary government). Although legally separate, these component units are important because the City is financially accountable for them.

The activities of the Successor Agency of the former redevelopment agency can be found in the Fiduciary Fund Section of the Financial Statements in the Private Purpose Trust Fund.

Reporting the City's Most Significant Funds

The **fund financial statements** provide detailed information about the City's most significant funds – not the City as a whole. Some funds are required to be established by State law or by bond covenants. However, City Council establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting administrative responsibilities for using certain taxes, grants, or other money (like grants received). The City's two kinds of funds – *governmental* and *proprietary* – use different accounting approaches.

- *Governmental funds* – Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year end that are available for spending. These funds are reported using the modified accrual accounting method, which measures cash and all other current financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship or differences between *governmental activities* (reported in the Statement of Net Assets and the Statement of Activities) and *governmental funds* in reconciliations on the pages following the fund financial statements in this report.
- *Proprietary funds* – When the City charges customers for the services it provides, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the City's enterprise funds are the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows for proprietary funds. We use internal service funds (the other component of proprietary funds) to report activities that provide supplies and services for the City's other programs and activities.

Reporting the City's Fiduciary Responsibilities

The City is an agent for certain assets held for, and under the control of, other organizations and individuals. All of the City's fiduciary activities are reported in separate fiduciary funds. These activities are not included in the government-wide financial statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

Statement of Net Position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. As of June 30, 2022, net position for the City was a balance of \$11.2 million. Compared to the prior year, the net position of the City increased by \$37.6 million.

The City's net position of \$11.2 million is made up of three components: Net investment in Capital Assets, Restricted Net Position and Unrestricted Net Position. The largest portion of the City's net position, \$152.9 million, reflects its net investment in capital assets (e.g., infrastructure, land, buildings, machinery, and equipment) less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to the community. As such, these assets are not available for spending. In addition, \$98.3 million of the City's net position represents resources that are subject to external restrictions on how they may be used.

The remaining balance of unrestricted net position is a deficit of \$240.0 million due to the unfunded pension liability (GASB 68) for which the City has issued 2020 Lease Revenue Bonds; the balance of the bonds is \$200.5 million.

The table below reflects the Statement of Net Position for the fiscal year ended June 30, 2022, with the comparative data for the fiscal year ended June 30, 2021:

Table 1
Statement of Net Position

	Governmental Activities		Business-Type Activities		Total	
	2022	2021	2022	2021	2022	2021
Assets:						
Current and other assets	\$248,135,791	\$162,856,719	\$ 482,211	\$ 74,510	\$248,618,002	\$162,931,229
Capital assets	196,089,095	184,406,014	-	-	196,089,095	184,406,014

Changes in Net Position

The City's total revenues of \$127.4 million for governmental activities are \$37.5 million more than the expenses of \$90.0 million. The majority of the increase is a result of lower expenses, the largest being public safety for the citywide reduction to the net pension liability and OPEB liability.

A summary of the government-wide statement of activities for the year ended June 30, 2022, with the comparative data for the fiscal year ended June 30, 2021, is as follows:

Table 2

Governmental Activities

Some of the more significant changes in the revenues and expenses of the City's governmental activities presented above are as follows:

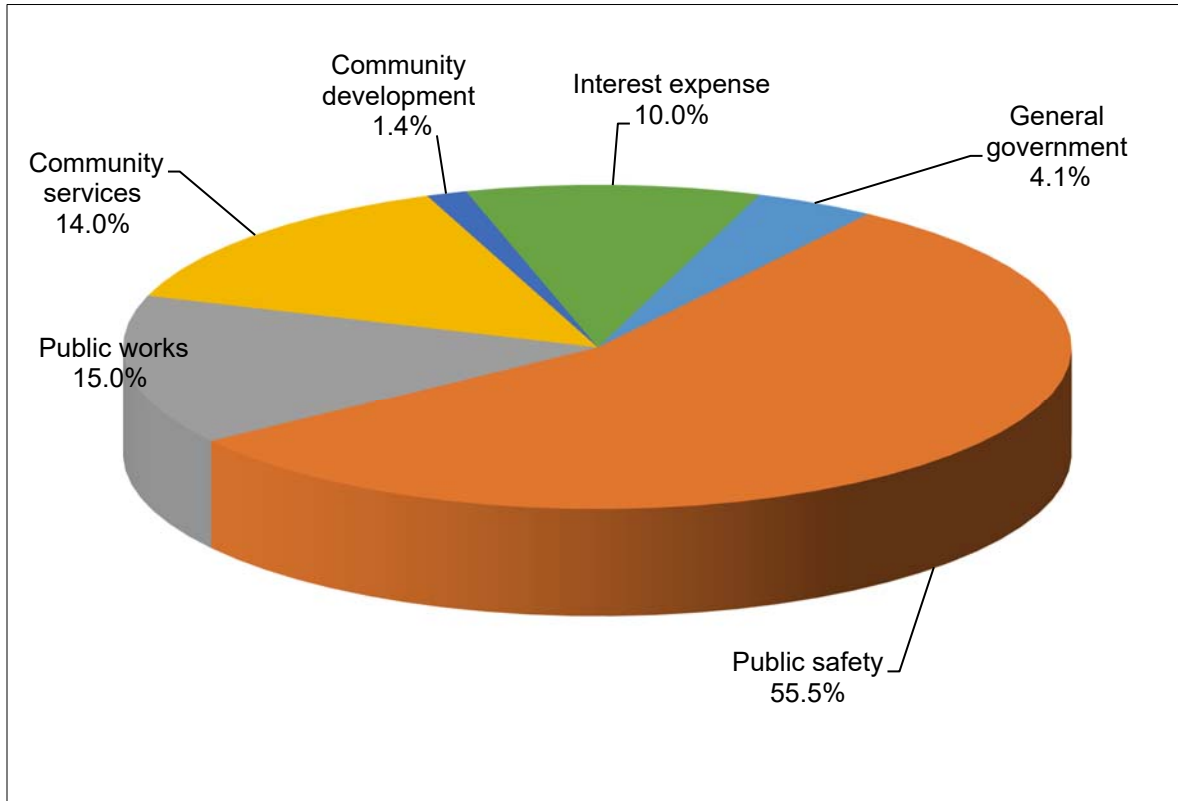

- Charges for services increased by \$5.9 million, primarily due to building permits and plan check review as result of an increase in construction activity for the year.
- Operating contributions and grants increased by \$7.8 million, primarily due to an increase in COVID-19 Relief funds received and expended in Fiscal Year 2021-22. Due to the American Rescue Plan Act, the City has received a total of \$19.6 million in funds in Fiscal Years 2020-21 and 2021-22. \$9.2 million was expended and recognized as revenue in Fiscal Year 2021-22.
- Capital contributions and grants increased by \$7.0 million, primarily due to developer contributions in the Park Development Funds in the amount of \$4.0 million. In addition, there were several large increases in special revenue funds used for capital - Proposition A and C funds increased by \$1.0 million, Gas Tax and RMRA funds increased by \$0.6 million, and State Grant increased by \$0.5 million.
- Property taxes, the City's largest revenue source, increased \$1.2 million, or 4.1%, primarily due to an increase in the assessed valuation.
- Sales Tax increased \$2.2 million, or 10.8%, reflecting the recovery from the height of the pandemic shutdown. FY 2020-21 and FY 2021-22 realized large gains in sales in the areas of autos-transportation, when compared to FY 2019-20.
- Other taxes, which consists of franchise taxes, transient occupancy taxes and other taxes, increased by \$0.3 million, primarily due to a \$0.4 million increase in transient occupancy taxes, as the City and the are phasing out of COVID-19 restrictions.
- Other general revenues decreased by \$4.7 million, primarily due to prior year's realized proceeds from sales of \$3.9 million from the sale of Sunset Field.
- There was an overall decrease in expenses of \$26.3 million, primarily due changes in net pension liability to a reduction in spending overall to offset the negative fiscal impact from the pandemic.

Revenues by Source – Governmental Activities

The most significant revenues of the governmental activities are property taxes (\$31.3 million), sales tax (\$23.1 million) and other taxes (\$9.5 million). Program revenues are \$62.4 million of the total revenues of the governmental activities, which include charges for services (\$15.1 million), operating contributions and grants (\$29.6 million), and capital grants and contributions (\$17.7 million).

Expenses by Function – Governmental Activities

The City's expenses cover a range of services whose expenses were as follows: Public safety (\$49.9 million), public works (\$13.5 million), community services (\$12.6 million), general government (\$3.7 million), interest expense (\$9.0 million) and community development (\$1.2 million). These expenses include capital outlays which are now reflected in the City's capital assets.

Business-Type Activities

The business-type activity is the West Covina Service Group, which provides dispatch and records management software and services to other police departments.

The business-type activity's expenses increased by \$244,239, or 51.3%, from the prior fiscal year. Charges for services and other revenues increased by \$158,338, or 20.9%, in FY 2021-22 causing the increase in net position of \$196,978.

MAJOR FUNDS

As noted earlier, the City uses fund accounting to provide proper financial management of the City's resources and to demonstrate compliance with finance-related legal requirements.

Major Governmental Funds

The **General Fund** is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$20.8 million, while total fund balance was \$24.2 million. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 33.5% of total general fund expenditures, while total fund balance represents 39.0% of that same amount. The non-spendable portion of fund balance in the amount of \$3.4 million mainly consists of Land Held for Resale in the amount of \$3.0 million.

Total revenues, exclusive of fund transfers in, increased \$8.0 million while total operating expenditures, exclusive of fund transfers out, decreased \$6.3 million. The reasons for significant changes in the revenues and expenditures of the City's General Fund from the prior year are as follows:

- Total taxes were up \$4.4 million (7.4%) from the prior year. Property taxes increased by \$1.2 million (4.1%) and sales tax revenues increased by \$2.8 million (13.6%).
- Charges for Services were up \$3.3 million (53.4%) from the prior year, primarily due to an increase in plan check fees.
- Licenses and permits were up \$1.3 million (82.0%) from the prior year, primarily due to building permits.
- Investment income decreased by \$1.2 million (193.2%) from the prior year due primarily to lower interest rates and change in fair value of the investments.
- Public Safety expenditures decreased by \$6.9 million (12.4%) from the prior year due decrease in the Unfunded Accrued Liability by \$9.5 million. The decrease in the UAL is offset by an increase in salaries and benefits by \$1.8 million.

The **West Covina Housing Authority Fund** provides for low- and moderate-income activities that were previously provided by the redevelopment agency. The Authority has outstanding loans receivable of \$14.4 million and is due \$0.1 million from the Successor Agency for amounts borrowed by the former redevelopment agency to fund the SERAF payments and 20% of the loans made to the former redevelopment agency by the City.

The **State Gas Tax Fund** accounts for tax collected on fuel to fund maintenance and repair of the States' highways and roads. The fund finished the fiscal year with a total fund balance of \$6.6 million.

The **American Rescue Plan Act (ARPA) Fund** accounts for federal monies received for COVID-19 related expenses. The City has received \$19.6 million in funding and spent \$9.2 million as of June 30, 2022. The fund has \$10.4 million in unearned revenue.

GENERAL FUND BUDGET

There were numerous budget amendments throughout the fiscal year to adjust budget to actuals, but the net effect to the General Fund budget was \$2.1 million. Taxes in total exceeded the budget by \$1,182,420, primarily from secured property taxes and sales tax received during the fiscal year. The City budgeted conservatively for these sources of revenue as it may fluctuate from year to year.

CAPITAL ASSETS

The major additions to capital assets during the year ended June 30, 2022 were as follows:

- Construction in progress had a net increase of \$17.8 million. The \$22.9 million currently in progress includes the following:
 - Azusa Sewer lift station upgrades (\$3.1 million)
 - Play Playgrounds for 4 Parks in the City (\$526,000)
 - Friendship Park improvements (\$946,800)
 - Various street projects (\$4.3 million)
 - Energy Efficient Project (\$7.0 million)
 - Fire station repairs (\$535,600)
- Completed fixed asset additions of \$1.8 million included:
 - Senior Center Restroom Renovation (\$310,400)
 - Street Rehabilitation (\$1.1 million)
 - Shadow Oak Park Playground (\$332,000)

Additional information on the City's capital assets can be found in Note 7 of this report.

LONG-TERM DEBT

At the end of the current fiscal year, the City had debt outstanding of \$338.8 million. Of this amount, \$237.2 million represents outstanding bonds and \$101.5 million represents other debt such as compensated absences payable, claims and judgments payable, capital lease obligations, and the net pension and OPEB liabilities. All of the outstanding bonds are lease revenue bonds secured by leases from the General Fund.

City of West Covina
Reconciliation of the Balance Sheet of Governmental Funds
to the Statement of Net Position
June 30, 2022

Fund balances of governmental funds \$ 131,340,063

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

Capital Assets	462,266,215	
Accumulated Depreciation	<u>(266,777,126)</u>	195,489,089

Other long-term assets are not available to pay for current period expenditures and, therefore, are reported as unavailable revenues in the funds. 2,577,702

Interest Payable on long-term debt did not require current financial resources. Therefore, interest payable was not reported as a liability in the funds. (3,163,015)

Long term liabilities are not due and payable in the current period and are not reported in the funds.

Bonds Payable (including premiums)		(237,238,298)
Loans Payable		(6,411,667)
Compensated Absences		(3,999,710)
Notes Payable		(7,525,925)
Net Pension Liability - PARS		(5,797,238)
Total OPEB Liability		(65,096,109)

Net Pension Asset related to the City's Pension Plan is not reported in the funds. 65,722,733

Amounts for deferred inflows and deferred outflows related to the City's Net Pension Liability are not reported in the funds.

Deferred Outflows Related to Pensions		9,799,582
Deferred Inflows Related to Pensions		(67,639,168)
Deferred Outflows Related to OPEB		11,962,103
Deferred Inflows Related to OPEB		(12,522,363)

Internal service funds are used by management to charge the costs of certain activities, such as equipment management, to individual funds. The assets and liabilities of the internal service funds must be added to the statement of net position. 3,487,713

Net position of governmental activities \$ 10,985,492

The accompanying notes are an integral part of this statement.

City of West Covina
Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
Year Ended June 30, 2022

Net change in fund balances-total governmental funds \$ 4,194,500

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of these assets is allocated over their estimated useful lives as depreciation expense.

Capital Expenditures	23,557,900
Depreciation Expense	(11,550,544)
Loss on Disposal	(250,000)

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. 1,740,672

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, government funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. The effect of these differences are as follows:

Principal Paid on Notes Payable	578,918
Principal Paid on Bonds Payable	5,100,000
Principal Paid on Loans Payable	190,381
Amortization of Premium on Lease Revenue Bonds	53,105

Accrued interest on bonds is not recorded in the governmental funds. This is the net change in accrued interest for the period. (22,843)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and are not reported as governmental fund expenditures:

Net Change in Employee Leave Benefits	(84,042)
Net Change in Net Pension Liability	196,104,669
Net Change in Net Pension Asset	65,722,733
Net Change in Total OPEB Liability	10,974,517
Net Change in Deferred Outflows Pension Related Amounts	(181,881,203)
Net Change in Deferred Inflows Pension Related Amounts	(65,378,295)
Net Change in Deferred Outflows OPEB Related Amounts	(3,292,934)
Net Change in Deferred Inflows OPEB Related Amounts	(8,012,562)

Internal service funds are used by management to charge the costs of certain activities, such as equipment management, to individual funds. The net revenue (expense) of the internal service funds is reported with governmental activities. (292,206)

Change in net position of governmental activities \$ 37,452,766

NOTES TO THE FINANCIAL STATEMENTS

City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the City of West Covina, California (the City) have been prepared in accordance with Generally Accepted Accounting Principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The City's significant accounting policies are described below.

A) Financial Reporting Entity

The City was incorporated on February 23, 1923 under the general laws of the State of California. The accompanying financial statements present the City and its component units; entities for which the City is considered to be financially accountable. The City is considered to be financially accountable for an organization if the City appoints a voting majority of that organization's governing body and the City is able to impose its will on that organization or there is a potential for that organization to provide specific financial benefits to or impose specific financial burdens on the City. The City is also considered to be financially accountable for an organization if that organization is fiscally dependent (i.e., it is unable to adopt its budget, levy taxes, set rates or charges, or issue bonded debt without approval from the City). In certain cases, other organizations are included as component units if the nature and significance of their relationship with the City are such that their exclusion would cause the City's financial statements to be misleading or incomplete.

Because each component unit meets the above-mentioned criteria, included within the financial reporting entity of the City are the City of West Covina Housing Authority, the West Covina Public Financing Authority, the Parking Authority of the City of West Covina, and the West Covina Community Services Foundation, Inc.

A brief description of each component unit follows:

West Covina Housing Authority

The West Covina Housing Authority (the Housing Authority) was formed on January 17, 2012 and is responsible for the administration of providing affordable housing in the City. The Housing Authority is administered by a Board which consists of members of the City Council. The transactions of the Housing Authority are reported as a special revenue fund is a blended component unit of the City.

West Covina Public Financing Authority

The West Covina Public Financing Authority (the Authority) was created by a joint powers agreement between the City and the Community Development Commission of the City on June 1, 1990. The purpose of the Authority is to provide, through the issuance of debt, financing necessary for various capital improvements. The Authority is administered by the Board who are the members of the City Council. The Authority's sole source of income is installment sale, loan and lease payments received from the City and former Community Development Commission (the Commission) which are used to meet the debt service requirements on debt issues. The Authority is blended into the debt service fund of the City.

The Parking Authority of the City of West Covina

The Parking Authority of the City of West Covina (the Parking Authority) was formed under the provision of the government code of the State of California for the purpose of financing and constructing parking facilities for lease to the City. The City Council acts as the governing body of the Parking Authority and is able to impose its will on the Parking Authority. It is a component unit of the City, and the financial statements of the Parking Authority are included within the financial statements of the City using the blended method. The Parking Authority has been inactive since 1999.

City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

The West Covina Community Services Foundation, Inc.

The West Covina Community Services Foundation, Inc. (the Foundation) was established on July 26, 2005 as a nonprofit public benefit corporation. It was organized and operates exclusively for charitable purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code. The Foundation is administered by the Board of Directors who are the members of the City Council. The Foundation is blended into the special revenue funds of the City.

Since the City Council serves as the governing board for these component units, all of the City's component units are considered to be blended component units. Blended component units, although legally separate entities, are in substance, part of the City's operations and so data from these units are reported with the interfund data of the primary government. Except for the Housing Authority, these component units do not issue component unit financial statements.

Separate financial statements for the Housing Authority can be obtained from the City of West Covina, City Hall.

B) Basis of Accounting and Measurement Focus

The basic financial statements of the City are composed of the following:

- Government-wide Financial Statements
- Fund financial statements
- Notes to financial statements

Government-wide Financial Statements:

Government-wide financial statements display information about the reporting government as a whole except for its fiduciary activities. These statements include separate columns for the governmental and business-type activities of the primary government (including its blended component units). Eliminations have been made in the Statement of Activities so that certain allocated expenses are recorded only once (by the function to which they were allocated). However, general government expenses have not been allocated as indirect expenses to the various functions of the City. Interfund services provided and used are not eliminated in the process of consolidation.

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

Government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Under the economic resources measurement focus, all (both current and long-term) economic resources and obligations of the reporting government are reported in the government-wide financial statements. Under the accrual basis of accounting, revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of Generally Accepted Accounting Principles.

City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program. Taxes and other items not included among program revenues are reported instead as *general revenues*.

Amounts paid to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as an expenditure. Proceeds of long-term debt are recorded as a liability in the government-wide financial statements rather than as an other financing source. Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability rather than as an expenditure.

Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar programs are recognized as revenue as soon as all eligibility requirements imposed by providers have been met.

Fund Financial Statements

The underlying accounting system of the City is organized and operated on the basis of separate funds; each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government's governmental, proprietary, and fiduciary funds are presented after the government-wide financial statements. These statements display information about the major funds individually and other governmental funds in the aggregate for governmental funds. Fiduciary statements represent assets held by the City in a custodial capacity for other individuals or organizations in the private purpose trust, pension trust, and custodial funds.

Governmental Funds

In the fund financial statements, governmental funds are presented using the modified-accrual basis of accounting. Their revenues are recognized when they become measurable and available. Measurable means that the amounts can be estimated, or otherwise determined. Available means that the amounts were collected during the reporting period or soon enough thereafter to be available to finance the expenditures accrued for the reporting period.

Revenue recognition is subject to the measurable and available criteria for the governmental funds in the fund financial statements. Significant revenues subject to the criteria include taxes, licenses and permits, and intergovernmental revenues. Exchange transactions are recognized as revenues in the period in which they are earned (i.e., the related goods or services are provided). Locally imposed derived tax revenues are recognized as revenues in the period in which the underlying exchange transaction upon which they are based takes place. Imposed non-exchange transactions are recognized as revenues in the period for which they were imposed. If the period of use is not specified, they are recognized as revenues when an enforceable legal claim to the revenues arises or when they are received, whichever occurs first. Government-mandated and voluntary non-exchange transactions are recognized as revenues when all applicable eligibility requirements have been met.

City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

In the fund financial statements, governmental funds are presented using the current financial resources measurement focus. This means that only current assets, deferred outflows of resources, current liabilities and deferred inflows of resources are generally included on their balance sheets. The reported fund balance is considered to be a measure of "available spendable resources". Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in fund balance. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Revenues, expenditures, assets, and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of Generally Accepted Accounting Principles. The City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Therefore, recognition of governmental fund type revenue represented by receivables is reported as deferred inflows of resources until they meet the "availability" criteria.

Sales taxes, property taxes, franchise taxes, revenue from other agencies, rental income, occupancy taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period to the extent normally collected within the availability period. Other revenue items are considered to be measurable and available when cash is received by the government. The availability period for all revenues is 60 days.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources were expended, rather than as fund assets. The proceeds of long-term debt are recorded as other financing sources rather than as a fund liability. Amounts paid to reduce long-term indebtedness are reported as fund expenditures rather than as a reduction of a fund liability.

Proprietary and Fiduciary Funds

The City's enterprise and internal service funds are proprietary funds. In the fund financial statements, the proprietary funds are presented using the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recognized when the related goods or services are delivered. In the fund financial statements, proprietary funds are presented using the economic resources measurement focus. This means that all assets, deferred outflows of resources, liabilities, and deferred inflows of resources (whether current or noncurrent) associated with their activity are included on their statement of net position. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in total net position.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies, taxes, and investment earnings result from non-exchange transactions or ancillary activities. Amounts paid to acquire capital assets are capitalized as assets in the enterprise fund financial statements rather than reported as an expenditure. Proceeds of long-term debt are recorded as a liability in the enterprise fund financial statements rather than as another financing source. Amounts paid to reduce long-term indebtedness of the enterprise fund are reported as a reduction of the related liability rather than as an expenditure.

City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

The City's fiduciary private purpose and pension trust funds are accounted for using the economic resources measurement focus and accrual basis of accounting. The private purpose trust fund accounts for the assets held by the City for the Successor Agency to the former Community Development Commission of the City. The pension trust fund account for assets and activities of the Public Agency Retirement System Enhancement and Supplemental Retirement defined benefit pension plans. The City's fiduciary custodial accounts for assets held for the benefit of others. Because these funds are not available for use by the City, fiduciary funds are not included in the governmental-wide statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Interfund services provided and used are not eliminated in the process of consolidation.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are combined and are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Fund Classifications

The City reports the following major governmental funds:

The *General Fund* is the general operating fund of the City. This fund is used to account for all financial resources of the City, except for those required to be accounted for in another fund

The *West Covina Housing Authority Special Revenue Fund* is used to account for assets and related income received from the former Community Development Commission to be used for the administration of providing affordable housing in the City.

The *State Gas Tax Special Revenue Fund* accounts for the City's proportionate share of gas tax monies collected by the State of California and Proposition 1B monies which are used for street construction and maintenance.

The *ARPA Special Revenue Fund* accounts for the grant funds received from the American Rescue Plan Act.

The *Citywide Debt Service Fund* accounts for the payments of principal, interest, and related costs on the City long-term debt issues.

The City reports the following major proprietary fund:

The *Computer Service Enterprise Fund* is used to account for operations that are financed and operated in a manner similar to private business enterprises. The City's enterprise fund is used to account for computer services provided by the Police Department to other public agencies.

Additionally, the City reports the following fund types:

City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

The *Internal Service Funds* are used to account for vehicle and equipment maintenance and replacement, for the City's self-insurance programs, and for retirement health savings plans for qualified City employees. Departments of the City are charged for the services provided or benefits received from these funds.

Fiduciary fund financial statements consist of a Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position. The City has two types of fiduciary funds, a custodial fund and a private-purpose trust fund. Agency funds are used to account for the assets held for distribution by the City as an agent for another entity for which the City has custodial responsibility and accounts for the flow of assets. Private-purpose trust funds account for resources of all other trust arrangements in which principal and income benefit individuals, private organizations, or other governments (i.e. unclaimed property/escheat property). Fiduciary funds are accounted for using the accrual basis of accounting. The City reports the following fiduciary funds:

Successor Agency Private Purpose Trust Fund – accounts for assets and liabilities transferred in fiscal year 2012 from the Redevelopment Agency of the City of West Covina to the Successor Agency Trust Fund.

Pension Trust Fund – These funds are used to account for the assets and activities of the Public Agency Retirement System Retirement Enhancement and Supplemental Retirement plans.

C) Cash and Investments

Investments are reported in the accompanying balance sheet at fair value, except for certain certificates of deposit and investment contracts that are reported at cost because they are not transferable and they have terms that are not affected by changes in market interest rates.

Changes in fair value that occur during a fiscal year are recognized as *investment income* reported for that fiscal year. *Investment income* includes interest earnings, changes in fair value, and any gains or losses realized upon the liquidation or sale of investments.

The City pools cash and investments of all funds, except for assets held by fiscal agents. Each fund's share in this pool is displayed in the accompanying financial statements as cash and investments. *Investment income* earned by the pooled investments is allocated to the various funds based on each fund's average cash and investment balance.

For purposes of the statement of cash flows, cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash or so near their maturity that they present insignificant risk of changes in value because of changes in interest rates, and have an original maturity date of 3 months or less. Cash equivalents represent the proprietary funds' share in the cash and investment pool of the City.

D) Inventories

Inventory is stated at average cost. Physical counts of inventory are taken on a cyclical basis during each fiscal year with perpetual records adjusted to actual at that time. The City uses the consumption method of accounting for inventory.

**City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022**

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

E) Prepaid Items

Certain payments to vendors for costs applicable to future accounting periods are recorded as prepaid items in both government-wide and fund financial statements using the consumption method.

F) Notes and Loans Receivable

The accompanying financial statements report certain loans receivable for loans made to private developers, private homeowners, and other parties. Where applicable, an allowance for doubtful accounts has been recorded to reflect management’s best estimate of probable losses associated with non-repayment.

G) Property Taxes

Under California law, property taxes are assessed and collected by the counties up to 1% of assessed value, plus other increases approved by the voters. The property taxes go into a pool, and are then allocated to the cities based on complex formulas. Accordingly, the City accrues only those taxes which are received within 60 days after year end. The property tax calendar is as follows:

<u>Property Tax Calendar</u>		<u>County Remittance Dates and Percentages</u>	
Lien date	January 1	December	40% Advance
Levy date	July 1	January	10% Advance
Due date	November 1 and February 1	February	Collection No. 1
Delinquent dates	December 10 and April 10	April	35% Advance
		May	Collection No. 2
		July	Collection No. 3

H) Claims and Judgements

The City records a liability for litigation, judgments, and claims when it is probable that an asset has been impaired or a liability (including incurred but not reported) has been incurred prior to yearend and the probable amount of loss (net of any insurance coverage) can be reasonably estimated. This liability is recorded in the internal service fund that accounts for the City’s self-insurance activities.

I) Compensated Absences Payable

A liability is recorded for unused vacation and similar compensatory leave balances since the employees’ entitlement to these balances are attributable to services already rendered and it is probable that virtually all of these balances will be liquidated by either paid time off or payments upon termination or retirement.

A liability is recorded for unused sick leave balances only to the extent that it is probable that the unused balances will result in termination payments. This is estimated by including in the liability the unused balances of employees currently entitled to receive termination payment, as well as those who are expected to become eligible to receive termination benefits as a result of continuing their employment with the City. Other amounts of unused sick leave are excluded from the liability since their payment is contingent solely upon the occurrence of a future event (illness) which is outside the control of the City and the employee.

**City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022**

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

The General Fund and Computer Service Enterprise Fund typically have been used to liquidate the liability for compensated absences.

J) Capital Assets

Capital assets greater than \$5,000 and infrastructure greater than \$100,000 are capitalized and recorded at cost or at an estimated fair value of the assets at the time of acquisition where complete historical records do not exist. Contributed capital assets are valued at their acquisition value at the date of the contribution. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets include public domain infrastructure assets consisting of certain improvements other than buildings, including roads, bridges, curbs and gutters, streets and sidewalks, medians, sewer and storm drains.

Depreciation has been provided using the straight-line method over the estimated useful life of the assets in the government-wide financial statements and in the fund financial statements of the proprietary and the private-purpose trust funds. Depreciation starts the year following acquisition. For capital assets, depreciation is recorded on a straight-line basis over the useful lives of the assets. The lives used for depreciation purposes of each capital asset class generally are:

Governmental Activities

Infrastructure - pavement	25 years
Infrastructure - other	20 - 75 years
Buildings	20 - 50 years
Improvements other than buildings	20 - 50 years
Equipment and Vehicles	5 - 25 years

Business-type Activities

Equipment and Machinery	5 - 25 years
-------------------------	--------------

K) Interest Payable

In the Government-Wide Financial Statements, interest payable on long-term debt is recognized as the liability is incurred.

In the Fund Financial Statements, proprietary fund types recognize the interest payable when the liability is incurred.

City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

L) Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has certain items that qualify for reporting in this category: deferred outflows relating to the City's net pension and OPEB liabilities.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City reports deferred inflows for certain items under the modified accrual basis of accounting. Accordingly, unavailable revenue is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues related to taxes and grants. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The City also reports deferred inflows relating to the net pension and OPEB liabilities.

M) Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's California Public Employees' Retirement System (CalPERS) and Public Agency Retirement System plans (PARS) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS and PARS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Generally accepted accounting principles require that the reported results for pensions must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used for CalPERS:

Valuation Date (VD)	June 30, 2020
Measurement Date (MD)	June 30, 2021
Measurement Period (MP)	July 1, 2020 to June 30, 2021

The following timeframes are used for PARS:

Valuation Date (VD)	June 30, 2021
Measurement Date (MD)	June 30, 2021
Measurement Period (MP)	July 1, 2020 to June 30, 2021

City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

N) Other Postemployment Benefits (OPEB)

For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, generally accepted accounting principles require that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used: June 30, 2021 Valuation Date; June 30, 2021 Measurement Date; and July 1, 2020 through June 30, 2021 Measurement Period.

O) Net Position Flow Assumption

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted net position to have been depleted before unrestricted net position.

P) Fund Balance

Nonspendable Fund Balance: These include amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact, e.g., the principal of an endowment fund. Examples of "not in spendable form" include inventory, prepaid amounts, long-term notes and loans, property held for resale and other items not expected to be converted to cash. However, if the proceeds from the eventual sale or liquidation of the items would be considered restricted, committed or assigned (as defined further on) then these amounts would be included in the restricted, committed or assigned instead of the nonspendable classification. A debt service reserve fund held by a trustee is an example of fund balance in nonspendable form that is classified as restricted instead of nonspendable since the reserve is eventually liquidated to make the final debt service principal payment.

Restricted Fund Balance: Amounts that have externally enforceable limitations on use. The limitations on use can be imposed by creditors, grantors, or contributors as well as by constitutional provisions, enabling legislation, laws and government regulations.

Committed Fund Balance: Amounts that can be used only for the specific purposes determined by a formal action of the City's highest level of decision-making authority. The City Council is the highest level of decision-making authority for the City that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Assigned Fund Balance: Amounts intended to be used by the City for specific purposes but do not meet the criteria to be classified as committed. The City Council (Council) has by resolution authorized the City Manager to assign fund balance. The Council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. Additional formal action does not normally have to be taken for the removal of an assignment.

Unassigned Fund Balance: These are either residual positive net resources of the General Fund in excess of what can properly be classified in one of the other four categories, or negative balances. For all funds other than the General Fund, amounts expended in excess of resources that are restricted, committed, or assigned, negative unassigned fund balance may be necessary to report.

City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Q) Fair Value Measurements

Certain assets and liabilities are required to be reported at fair value. The fair value framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements), as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly and fair value is determined through the use of models or other valuation methodologies including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are inactive; inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

•
Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. These unobservable inputs reflect the City's own assumptions about the inputs market participants would use in pricing the asset or liability (including assumptions about risk). These unobservable inputs are developed based on the best information available in the circumstances and may include the City's own data.

R) Leases

Lessor: The City is a lessor for noncancellable leases of land owned by the City. The City recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements.

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the City determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The City uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

**City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022**

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

- The City monitors changes in circumstances that would require a remeasurement of its lease, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

S) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

2) CASH AND INVESTMENTS

Cash and investments as of June 30, 2022 are classified in the accompanying financial statements as follows:

Statement of Net Position:	
Cash and Investments	\$ 121,908,443
Cash and Investments with Fiscal Agents	18,991,475
Restricted Cash and Investments	2,484,403
Statement of Fiduciary Net Position:	
Cash and Investments	5,372,763
Cash and Investments with Fiscal Agents	6,869,232
Restricted Cash and Investments	3,373,500
Total Cash and Investments	\$ 158,999,816

Cash and investments as of June 30, 2022 consist of the following:

Cash on Hand	\$ 18,073
Deposits with Financial Institutions	38,858,630
Investments	120,123,113
Total Cash and Investments	\$ 158,999,816

Investments Authorized by the California Government Code and the City's Investment Policy

The table below identifies the investment types that are authorized for the City by the California Government Code and the City's investment policy. This table also identifies certain provisions of the California Government Code (or the City's investment policy, if more restrictive) that addresses interest rate risk and concentrations of credit risk. This table does not address investments of debt proceeds held by bond trustees that are governed by the provisions of debt agreements of the City and investments in the City's retirement enhancement and supplemental retirement defined benefit pension trust funds that are in the Public Agency Retirement Plans (PARS Trust Pool), rather than the general provisions of the California Government Code or the City's investment policy.

2) CASH AND INVESTMENTS - Continued

Investments Authorized by Pension Trust Agreements

Investments of pension trust fund contributions held by the trustee are governed by the trust agreements. The City selected an investment strategy allowed by the trust agreements with the objective of providing current income and moderated capital appreciation. The strategic ranges for the investment strategy selected by the City are as follows:

5%	Cash
45%	Fixed Income
48.50%	Equities
1.50%	REIT

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater is the sensitivity of its fair value to changes in market interest rates. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter-term and longer-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair values of the City's investments (including investments held by bond trustees) to market interest rate fluctuations is provided by the following table that shows the distribution of the City's investments by maturity:

Investment Type	Remaining Maturity (in Months)			
	Total	12 Months Or Less	13 to 24 Months	25 to 60 Months
Los Angeles County Investment Pool	\$ 31,739,345	\$ 31,739,345	\$ -	\$ -
Local Agency Investment Fund	62,124,359	62,124,359	-	-
PARS Trust Pool	398,702	398,702	-	-
Held by Bond Trustees:				
Collateralized Investment Agreement	5,002,670	5,002,670	-	-
Money Market Mutual Funds	20,858,037	20,858,037	-	-
Total	\$ 120,123,113	\$ 120,123,113	\$ -	\$ -

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by the California Government Code, the City's investment policy, or debt agreements and the actual rating as of year-end by Standard and Poor's or Moody's or Fitch for each investment type:

**City of West Covina
Notes to Financial Statements

Concentration of Credit Risk

The investment policy of the City contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. There was no investments in any one issuer (other than U.S. Government Agencies, Supranationals, Money Market Funds, and external investment pools) that represent 5% or more of total City investments.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party.

The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provisions for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits. All the City's deposits are either federally insured or collateralized as of June 30, 2022. Investments held by bond trustee are selected under the terms of the applicable trust agreement. The trustee acquires the investment and holds the investment on behalf of the reporting government.

Investment in County Investment Pool

The City is a voluntary participant in the Los Angeles County Investment Pool (LACIP) that is regulated by the California Government Code and the Los Angeles County Board of Supervisors under the oversight of the Los Angeles County Treasurer-Tax Collector. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amount based upon the City's pro-rata share of the fair value provided by LACIP for the entire LACIP portfolio. The balance for withdrawal is based on the accounting records maintained by LACIP, which are recorded on an amortized cost basis.

**City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022**

2) CASH AND INVESTMENTS – Continued

Fair Value of Investments

Investments (except those that may be reported at amortized cost) are measured at fair value on a recurring basis. Recurring fair value measurements, are those that Governmental Accounting Standards Board (GASB) Statements require or permit in the statement of net position at the end of each reporting period. Fair value measurements are categorized based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. None of the investments held at year-end are subject to the fair value hierarchy.

3) INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Due to/from

Interfund receivable and payable balances at June 30, 2022 were as follows:

Payable Fund	Receivable Fund General Fund
Non-major Governmental Funds	\$ 521,524
Total Fund Balances	\$ 521,524

These interfund payables represent temporary loans to cover negative cash balances.

Advances to/from

Advances of \$225,826 between the General Fund and the Auto Plaza Improvement District non-major special revenue fund are for cash advanced for the replacement of the reader board sign at the Auto Plaza.

Interfund transfers for the year ended June 30, 2022 are as follows:

TRANSFERS OUT	TRANSFERS IN					Total
	General Fund	State Gas Tax Fund	Citywide Debt	Non-major Governmental Funds	Internal Service Funds	
General Fund	\$ -	\$ 567,148	\$ 13,530,530	\$ 5,493,486	\$ 842,342	\$ 20,433,506
Housing Authority	-	-	-	33,000	-	33,000
State Gas Tax Fund	-	-	-	28,146	-	28,146
ARPA	5,786	-	-	-	-	5,786
Non-major Governmental Funds	30	-	-	178,322	-	178,352
	\$ 5,816	\$ 567,148	\$ 13,530,530	\$ 5,732,954	\$ 842,342	\$ 20,678,790

The General Fund transferred \$567,148 to the State Gas Tax Fund for an SB1 project. The General Fund transferred \$13,530,530 to the Citywide Debt Service Fund for debt service payments. The General Fund transferred \$5,493,487 to the Non-major Governmental Funds for various projects and operating expenditures. The General Fund transferred \$842,342 to the Internal Service Fund for deficits in the self-insurance fund.

4) LONG-TERM RECEIVABLES FROM SUCCESSOR AGENCY

Prior to the dissolution of the Commission's redevelopment activities on February 1, 2012, the City authorized several advances to be used for completing redevelopment projects throughout the community. As a result of the dissolution, the liabilities related to these advances were transferred to the Successor Agency. See Note 18 and 19 for additional information.

In May 2010, the Commission made an advance of \$6,529,308 from the Low and Moderate-Income Housing Capital Projects Fund to the Citywide Project Area Debt Service Fund to satisfy the Commission's Supplemental Educational Revenue Augmentation Fund (SERAF) obligation as required by Assembly Bill ABX4-26. The advance bears no interest. In May 2011, the Commission made an advance of \$1,344,269 from the Low and Moderate-Income Housing Capital Projects Fund to the Citywide Project Area Debt Service Fund to satisfy the SERAF obligation as required by Assembly Bill ABX4-26. The advance bears no interest and must be repaid by August 1, 2022. Effective February 1, 2012, the Commission's redevelopment activities were dissolved, and the receivable side of these advances was retained by the Housing Authority.

The "Dissolution Act" (AB 1x26 as amended by AB 1484) outlines the method of repayment for the SERAF Advances by the Successor Agency. As of June 30, 2022, the SERAF Advance to the Successor Agency was \$87,027.

5) NOTES AND LOANS RECEIVABLE

The following notes and loans receivable were outstanding as of June 30, 2022:

Housing Rehabilitation	\$	353,888
First Time Homebuyer Loans		142,529
Housing Preservation Program		643,447
Home Improvement Program		663,129
Lark Ellen Towers		6,565,194
Executive Lodge Apartments Limited Partnership		6,471,219
West Covina Senior Villas, LLC		2,833,333
West Covina Senior Villas II, LP		8,513,885
Other Loans		608,196
Less: Allowance for Doubtful Accounts		<u>(12,362,217)</u>
Total Governmental Funds		<u>\$ 14,432,603</u>

Several housing rehabilitation loans totaling \$353,888 have been made to qualified applicants using Community Development Block Grants received by the City and housing set-aside funds of the former Commission's redevelopment activities. These loans bear 5% interest and are repaid when title to the property changes. The City has included 5% of the balance in the allowance for doubtful accounts.

The Housing Authority has loans to first-time home buyers totaling \$142,529. Loans are secured by second trust deeds and bear interest at 5%. Principal and interest are deferred for five years and are due monthly in years 6 through 30. The City has included 22% of the balance in the allowance for doubtful accounts.

The Housing Authority also has housing preservation loans to qualified applicants using housing set-aside funds totaling \$643,447. Principal and interest are deferred for ten years; after the tenth year loans bear interest at 5%. Loans are repaid after the tenth year or when title to the property changes. The City has included 45% of the balance in the allowance for doubtful accounts.

City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022

5) NOTES AND LOANS RECEIVABLE - Continued

Several housing improvement loans totaling \$663,129 have been made to qualified applicants. The loans are secured by second trust deeds. The City has included 5% of the balance in the allowance for doubtful accounts.

In May 1997, the Commission loaned \$4,270,000 to Lark Ellen Towers. The loan was transferred to the Housing Authority from the dissolved former Commission. The loan is secured by a deed of trust. The loan accrues interest at 3% per annum and requires annual payments equal to the maximum of \$35,000 or 50% of net profits earned by the project. The outstanding principal and accrued interest as of June 30, 2022 was \$6,471,219.

In April 1998, the Commission loaned \$5,622,300 to Executive Lodge Apartments Limited Partnership (Promenade Apartments project). The loan was transferred to the Housing Authority from the dissolved former Commission. The loan is secured by a deed of trust. The loan was amended and restated on April 1, 2017, with a principal of \$6,056,621 accruing interest at 2.82% compounded annually and requires annual payments equal to 50% of "Available Cash Flow". The outstanding principal and accrued interest as of June 30, 2022 was \$6,565,194.

In May 2002, the Commission loaned \$4,360,000 to West Covina Senior Villas, LLC. The loan is secured by a deed of trust. The loan does not accrue interest. The loan requires annual payments of \$141,667 through May 2032 that are forgiven by the City unless the borrower defaults on the agreement. The outstanding principal as of June 30, 2022 was \$2,833,333. The loan is likely to be forgiven; therefore, the City has included the entire balance in the allowance for doubtful accounts.

In May 2009, the Commission entered into an agreement with West Covina Senior Villas II, L.P. to provide \$8,600,000 for the acquisition of real property in the City and construction and maintenance of an approximately 65-unit apartment complex to be rented to low income and very low income senior citizens. The loan is secured by a deed of trust. The loan does not accrue interest and is forgiven so long as the borrower does not default on the loan. The outstanding principal as of June 30, 2022 was \$8,513,885. The loan is likely to be forgiven; therefore, the City has included the entire balance in the allowance for doubtful accounts.

Other notes consist of affordable housing loans of \$400,000. The notes do not accrue interest and are forgiven unless the borrower sells or refinances the property. Additionally, the balance included a note of \$208,196 for low income housing which accrues no interest and is forgivable if the owner maintains the low and moderate income housing status. The outstanding principal of these loans as of June 30, 2022 was \$608,196. The loans are likely to be forgiven; therefore, the City has included the entire balance in the allowance for doubtful accounts.

6) LAND HELD FOR RESALE

Land held for resale is valued at the lower of cost or the sales price per contract with the developer. The land held for resale at June 30, 2022 was comprised of land to be used as open space or a municipal golf course in the amount of \$3,007,802.

Net Pension Liability	201,901,907	-	(196,104,669)	5,797,238	-
Total OPEB Liability	76,070,626	-	(10,974,517)	65,096,109	-
Claims Payable	12,740,483	3,305,329	(3,372,658)	12,673,154	3,310,764
Total	\$ 551,727,178	\$ 6,144,163	\$ (219,119,058)	\$ 338,752,283	\$ 12,419,615
Business-type Activities:					
Compensated Absences	\$ 18,573	\$ 10,725	\$ (9,283)	\$ 20,015	\$ 20,015
Total	\$ 18,573	\$ 10,725	\$ (9,283)	\$ 20,015	\$ 20,015

The liability for compensated absences, Total OPEB, and Net Pension are generally liquidated by the General Fund and internal service funds.

Notes Payable – Direct Borrowing

Successor Agency Note

On December 4, 2015, the City and Successor Agency entered into a settlement agreement with the California Department of Finance (DOF) regarding the Other Funds Due Diligence Review. The agreement requires the City to repay the Successor Agency \$11,578,351 for transfers that did not represent enforceable obligations. The Successor Agency will then remit these funds to the Los Angeles County Auditor-Controller for allocation to the affected taxing entities. The amount of the note must be repaid through biannual payments in the amount of \$289,459 each January 15th and June 15th until the loan is repaid in full on June 15, 2035. There is no interest charged on this repayment. The outstanding balance as of June 30, 2022 was \$7,525,925.

Energy Efficiency Loans Payable – Direct Borrowing

Solar Equipment Loan

In May 2021, the City entered into a lease-purchase agreement for the acquisition and installation of certain energy conservation equipment and improvements (solar) with an aggregate principal borrowing of \$3,386,950. The proceeds are to be used to pay for the energy efficiency and conservation improvements as specified in the agreement. The payments bear interest at 3.60% and are due and payable semi-annually on May 13th and November 13th each year, maturing on May 13, 2041. The General Fund will generally be responsible for making the debt service payments annually.

Non-Solar Equipment Loans

In May 2021, the City entered into a lease-purchase agreement for the acquisition and installation of certain energy conservation equipment including lighting and HVAC (non-solar) with an aggregate principal borrowing of \$3,215,098. The proceeds are to be used to pay for the energy efficiency and conservation improvements as specified in the agreement. The payments bear interest at 3.05% and are due and payable semi-annually on May 13th and November 13th each year, maturing on May 13, 2036. The General Fund will generally be responsible for making the debt service payments annually. Annual debt service requirements follow:

8) LONG-TERM LIABILITIES - Continued

Lease Revenue Bonds

2006 Lease Revenue Bonds, Series A and B (Big League Dreams Project)

In September 2006, the City issued \$10,710,000 of Lease Revenue Bonds, Series A and \$7,295,000 of taxable Lease Revenue Bonds, Series B to provide financing for facilities and infrastructure related to the Big League Dreams sports park. The Series A bonds mature annually through June 1, 2036, in amounts ranging from \$80,000 to \$1,270,000, with interest rates that range from 4.0% to a maximum of 5.0% over the term of the bonds. The Series B bonds mature annually through June 1, 2036, in amounts ranging from \$115,000 to \$550,000, with interest rates that range from 5.39% to a maximum of 6.07% over the term of the bonds. The bonds are payable from lease payments as rental for certain public facilities. The reserve requirement was fully funded at June 30, 2022. The outstanding principal balance as of June 30, 2022 was \$14,300,000.

The following represents the future annual debt service requirements:

2038 - 2042	2,190,000	181,200	2,371,200
2043 - 2044	245,000	14,800	259,800
Total	<u>\$ 21,320,000</u>	<u>\$ 9,010,681</u>	<u>\$ 30,330,681</u>

2020 Lease Revenue Bonds, Series A

On July 23, 2020, the City issued \$204,095,000 of Lease Revenue Bonds, Series A (taxable) to provide financing to pay the City's unfunded pension liabilities to CalPERS, to establish a reserve fund, and pay issuance costs. The Series A bonds mature annually through August 1, 2044, in amounts ranging from \$3,645,000 to \$16,105,000, with interest rates that range from 1.747% to a maximum of 3.892% over the term of the bonds. The bonds are payable from lease payments as rental for certain public facilities. The reserve requirement was fully funded as of June 30, 2022. The outstanding principal balance as of June 30, 2022 was \$200,450,000. The following represents the future annual debt service requirements:

Fiscal Year Ending June 30,	Principal	Interest	Total
2023	\$ 3,925,000	\$ 6,981,799	\$ 10,906,799
2024	4,210,000	6,904,083	11,114,083
2025	4,525,000	6,813,563	11,338,563
2026	4,560,000	6,711,662	11,271,662
2027	4,900,000	6,596,630	11,496,630
2028 - 2032	30,425,000	30,591,422	61,016,422
2033 - 2037	42,875,000	24,489,702	67,364,702
2038 - 2042	59,465,000	14,912,142	74,377,142
2043 - 2045	45,565,000	2,730,919	48,295,919
Total	<u>\$200,450,000</u>	<u>\$106,731,922</u>	<u>\$307,181,922</u>

Claims Payable

Claims payable are typically paid from the City's Internal Service Self-Insurance Fund. There is no fixed payment schedule for claims liabilities.

Compensated Absences

The liability of \$4,009,892 represents the governmental activities portion of total unpaid vacation and compensation time earned by employees of the City. There is no fixed payment schedule for earned but unpaid compensated absences. The General Fund typically has been used to liquidate the liability for compensated absences. The liability of \$20,015 represents the business-type activity portion of total unpaid vacation and compensation time earned by employees of the City. There is no fixed payment schedule for earned but unpaid compensated absences.

9) SELF-INSURANCE

The City is exposed to various risks of loss related to its operation, including losses associated with errors and omissions, injuries to employees and members of the public. The City's Internal Service Self-Insurance Fund is used to account for and finance its uninsured risks of loss.

Description of Self-Insurance Pool Pursuant to Joint Powers Agreement

As of July 1, 2021, the City is a member of the California Joint Powers Insurance Authority (Authority). The Authority is composed of 123 California public entities and is organized under a joint powers agreement pursuant to California Government Code §6500 et seq. The purpose of the Authority is to arrange and administer programs for the pooling of self-insured losses, to purchase excess insurance or reinsurance, and to arrange for group purchased insurance for property and other lines of coverage. The Authority began covering claims of its members in 1978. Each member government has an elected official as its representative on the Board of Directors. The Board operates through a nine-member Executive Committee.

The City participates in the excess workers' compensation and excess general liability programs of the Authority.

Excess Liability Program

Liability coverage includes auto liability, employment practices liability, public officials' errors and omissions, bodily injury, personal injury, third party property damage, advertising injury, and employee benefit administration liability. The City has a retained limit of \$1,000,000 per occurrence. The overall coverage limit for each member, including all layers of coverage, is \$50 million per occurrence. The coverage structure is composed of a combination of pooled self-insurance, reinsurance, and excess insurance. Additional information concerning the coverage structure is available on the Authority's website: <https://cjpia.org/coverage/risk-sharing-pools/>.

Excess Workers' Compensation Program

The City has a retained limit of \$1,000,000 per occurrence for workers' compensation claims. The Authority's pooled retention is \$1 million per occurrence with reinsurance to statutory limits under California Workers' Compensation Law. Employer's Liability losses are pooled among members to \$1 million. Coverage from \$1 million to \$5 million is purchased through reinsurance policies, and Employer's Liability losses from \$5 million to \$10 million are pooled among members.

Purchased Insurance

Pollution Legal Liability Insurance

The City of West Covina participates in the pollution legal liability insurance program which is available through the Authority. The policy covers sudden and gradual pollution of scheduled property, streets, and storm drains owned by the City of West Covina. Coverage is on a claims-made basis. There is a \$250,000 deductible, with a limit of \$5 million per member.

Property Insurance

The City of West Covina participates in the All-Risk Property Protection Program. This insurance protection is underwritten by several insurance companies. The City's property is currently insured according to a schedule of covered property submitted by the City to the Authority. The total insured value of scheduled City property is \$97,026,667. There is a \$10,000 deductible per occurrence except for non-emergency vehicle insurance which has a \$2,500 deductible.

**City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022**

9) SELF-INSURANCE - Continued

Crime Insurance

The City of West Covina participates in the Crime Insurance Program. Formerly called Blanket Fidelity Bond, this policy covers faithful performance, depositor's forgery, theft of money and securities, and computer fraud related to the transfer of money. The policy limit is \$3,000,000, and the deductible is \$2,500.

Adequacy of Protection

During the past three fiscal years, none of the above programs of protection experienced settlements or judgments that exceeded pooled or insured coverage. There were also no significant reductions in pooled or insured liability coverage in 2021-22.

Claims and Judgments

The City accounts for uninsured, material claims and judgments and associated legal and administrative costs when it is probable that the liability claim has been incurred and the amount of the loss can be reasonably estimated. Included therein are claims incurred but not reported, which consists of (a) known loss events expected to be presented as claims later, (b) unknown loss events that are expected to become claims, and (c) expected future development on claims already reported. This is based upon historical actual results that have established a reliable pattern supplemented by specific information about current matters. Small dollar claims and judgments are recorded as expenditures when paid.

The claims and judgments liability reported in the Internal Service Self-Insurance Fund is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims and judgments be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of loss can be reasonably estimated. Claims and judgments payable, including estimated claims for incurred but not reported claims, amounted to \$12,673,154 as of June 30, 2022.

In the past three years, no claims for general liability or workers' compensation have exceeded the City's purchased insurance coverage.

Changes in the claims and judgments payable amounts for the past two fiscal years for the Self-Insurance Fund are as follows:

Year Ended June 30,	Beginning of Year	Claims and Changes in Estimates	Claim Payments	End of Year
2022	\$ 12,740,483	\$ 3,305,329	\$ 3,372,658	\$ 12,673,154
2021	13,178,903	1,521,315	1,959,735	12,740,483

**City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022**

10) NON-CITY OBLIGATION DEBT

Emanate Health, a California nonprofit public benefit corporation (Corporation), has requested that the California Statewide Communities Development Authority (CSCDA) participate in the issuance of one or more series of revenue bonds (Bonds) in an aggregate principal amount not to exceed \$260,000,000, for the acquisition, construction, equipping, improvement, renovation, rehabilitation and/or remodeling of hospital, health care and related facilities (Project) to be owned and operated by the Corporation or one of its affiliates.

For each component of the Project, the issuance of the Bonds by the CSCDA must be approved by the applicable city in which the component of the Project is located before construction can begin. One component of the Project consists of the construction of two separate buildings at the Queen of the Valley Hospital campus located in West Covina.

On May 19, 2020, the City Council approved the issuance of the Bonds and Refunding Bonds by the CSCDA for the purposes of financing and/or refinancing the Project via the adoption of the resolution number 2020-26.

11) FUND BALANCE CLASSIFICATIONS

The City's governmental fund balances at June 30, 2022, are presented below:

	General Fund	West Covina Housing Authority	State Gas Tax	ARPA	Citywide Debt	Other Governmental Funds	Total
Nonspendable:							
Prepaid Items	\$ 146,508	\$ -	\$ -	\$ -	\$ -	\$ 11,989	\$ 158,497
Advances to Successor Agency	-	-	-	-	-	-	-
Advances to Other Funds	225,826	-	-	-	-	-	225,826
Land Held for Resale	3,007,802	-	-	-	-	-	3,007,802
Restricted for:							
Affordable Housing	-	23,445,655	-	-	-	-	23,445,655
Debt Service	-	-	-	-	19,947,463	-	19,947,463
Pension Trust	8,287	-	-	-	-	-	8,287
Community Services	-	-	-	-	-	1,541,112	1,541,112
Public Safety	-	-	-	-	-	8,289,411	8,289,411
Public Works	-	-	6,567,084	-	-	40,941,357	47,508,441
Assigned:							
Capital Improvement	-	-	-	-	-	6,601,977	6,601,977
Unassigned	20,770,457	-	-	-	-	(164,865)	20,605,592
Total Fund Balances	\$ 24,158,880	\$ 23,445,655	\$ 6,567,084	\$ -	\$ 19,947,463	\$ 57,220,981	\$ 131,340,063

12) DEFICIT FUND BALANCES

The following funds reported deficits in fund balances/net position as of June 30, 2022:

<u>Non-Major Special Revenue Governmental Funds:</u>	<u>Deficit Balance</u>
Community Development Block Grant	\$ 84,939
Auto Plaza Improvement District	75,797
Sportsplex	4,129

**City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022**

12) DEFICIT FUND BALANCES - Continued

The deficit of \$84,939 in the Community Development Block Grant Fund is the result of expenditures incurred prior to reimbursement from grantors. The deficit will be eliminated through future grant revenues. The Auto Plaza Improvement District deficit of \$75,797 will be reduced as the fund pays back the advance from the General Fund.

13) PENSION PLAN SUMMARY

The City currently has a total of two pension plans administered by CalPERS and two retirement enhancement plans administered by PARS. The pension plans consist of a miscellaneous agent plan and a safety agent plan (see Note 14 for a full description of the plans). The retirement enhancement plan consists of an EPMC replacement supplemental retirement plan and a supplemental retirement plan for executive staff and City Council (see Note 15 for a full description of the plans). The summary of the pension related liability, deferred inflows of resources and deferred outflows of resources are as follows:

	Miscellaneous Plan	Safety Plan	EPMC	EXEC	Total
Deferred Outflows of Resources	\$ 1,385,472	\$ 7,999,441	\$ 333,720	\$ 80,949	\$ 9,799,582
Deferred Inflows of Resources	18,145,728	49,395,480	50,981	46,979	67,639,168
Pension Liability/(Asset)	(14,600,850)	(51,121,883)	1,164,330	4,632,908	(59,925,495)

14) EMPLOYEE RETIREMENT PLANS

General Information about the Pension Plans

Plan Descriptions: All qualified permanent and probationary employees are eligible to participate in the City's separate Miscellaneous and Safety Plans, an agent multiple-employer defined benefit pension plan administered by the California Public Employees' Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the plan are established by State statute and Local Government resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Benefits Provided: The Plans are agent multiple-employer defined benefit pension plans administered by the California Public Employees' Retirement System (CalPERS). A full description of the pension plans regarding number of employees covered, benefit provisions, assumptions (for funding, but not accounting purposes), and membership information are listed in the plans' June 30, 2020 Annual Actuarial Valuation Report (funding valuation). Details of the benefits provided can be obtained in Appendix B of the actuarial valuation report. This report and CalPERS' audited financial statements are publicly available reports that can be obtained at CalPERS' website.

14) EMPLOYEE RETIREMENT PLANS – Continued

The Plans' provisions in effect at June 30, 2022, are summarized as follows:

	Miscellaneous			
	Prior to January 1, 2011	On or after January 1, 2011	Prior to January 1, 2013	On or after January 1, 2013
Hire date				
Benefit formula	2.0% @ 55	2.5% @ 55	2.0% @ 60	2% @ 62
Benefit vesting schedule	5 years service	5 years service	5 years service	5 years service
Benefit payments	monthly for life	monthly for life	monthly for life	monthly for life
Retirement age	50-67+	50-67+	50-67+	52-67+
Monthly benefits, as a % of eligible compensation	(1)	(1)	(1)	(1)
Required employee contribution rates	0%	8.00%	7%	6.25%
Required employer contribution rates	9.18% + \$551,700	9.18%	9.18%	9.18%
	Safety			
	Prior to July 1, 2012	Prior to January 1, 2013	On or after January 1, 2013	
Hire date				
Benefit formula	3% @ 50	3% @ 55	2.7% @ 57	
Benefit vesting schedule	5 years service	5 years service	5 years service	
Benefit payments	monthly for life	monthly for life	monthly for life	
Retirement age	50 & up	50-55+	50-57+	
Monthly benefits, as a % of eligible compensation	(1)	(1)	(1)	
Required employee contribution rates	9%	9%	12.75%	
Required employer contribution rates	21.55% + \$653,960	21.55%	21.55%	

(1) - Depending on years of service

*New hires who are already enrolled in CalPERS are eligible for benefits under the Tier II, and other new hires are enrolled in the PEPRA rate plans.

Employees Covered: At June 30, 2022 (June 30, 2020 valuation date), the following number of employees were covered by the benefit terms for the Plan:

	Miscellaneous	Safety
Inactive employees or beneficiaries		
currently receiving benefits	460	351
Inactive employees entitled to but not yet		
receiving benefits	289	71
Active employees	113	160
Total	862	582

Contributions: Section 20814(c) of the California Public Employees' Retirement Law (PERL) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. Employer contribution rates may change if plan contracts are amended. It is the responsibility of the employer to make necessary accounting adjustments to reflect the impact due to any Employer-Paid Member Contributions or situations where members are paying a portion of the employer contribution.

Year Ended June 30, 2022**

14) EMPLOYEE RETIREMENT PLANS – Continued

Net Pension Liability/(Asset)

The City's net pension liability/(asset) for the Plans is measured as the total pension liability, less the pension plans' fiduciary net position. The net pension liability/(asset) of the Plans is measured as of June 30, 2021, using an annual actuarial valuation as of June 30, 2020 rolled forward to June 30, 2021 using standard update procedures. A summary of principal assumptions and methods used to determine the net pension liability/(asset) is shown below.

Actuarial Assumptions: The total pension liabilities in the June 30, 2020 actuarial valuations were determined using the following actuarial assumptions:

Valuation date	June 30, 2020
Measurement date	June 30, 2021
Actuarial cost method	entry-age normal
Actuarial assumptions:	
Discount rate	7.15%
Inflation	2.50%
Projected salary increase	(1)
Investment rate of return	7.15%
Mortality	(2)
Post Retirement Benefit Increase	(3)

- (1) Depending on age, service and type of employment
- (2) Derived using CalPERS' Membership Data for all Funds.
- (3) The lesser of contract COLA or 2.50% until Purchasing Power Protection Allowance floor on purchasing power applies, 2.50% thereafter

The mortality table used was developed based on CalPERS-specific data. The probabilities of mortality are based on the 2017 CalPERS Experience Study for the period from 1997 to 2015. Pre-retirement and Post-retirement mortality rates include 15 years of projected mortality improvement using 90% of Scale MP-2016 published by the Society of Actuaries. For more details on this table, please refer to the CalPERS Experience Study and Review of Actuarial Assumptions report from December 2017 that can be found on the CalPERS website.

Long-term Expected Rate of Return - The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses. The expected real rates of return by asset class are as follows:

**City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022**

14) EMPLOYEE RETIREMENT PLANS – Continued

Asset Class	New Strategic Allocation	Real Return Years 1 - 10 (1)	Real Return Years 11+ (2)
Global Equity	50%	4.80%	5.98%
Global Fixed Income	28%	1.00%	2.62%
Inflation Assets	-	0.77%	1.81%
Private Equity	8%	6.30%	7.23%
Real Assets	13%	3.75%	4.93%
Liquidity	1%	-	-0.92%

(1) An expected inflation of 2.0% used for this period.

(2) An expected inflation of 2.92% used for this period.

Discount Rate - The discount rate used to measure the total pension liability for PERF C was 7.15%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Subsequent Events - On July 12, 2021, CalPERS reported a preliminary 21.3% net return on investments for fiscal year 2020-21. Based on the thresholds specified in CalPERS Funding Risk Mitigation policy, the excess return of 14.3% prescribes a reduction in investment volatility that corresponds to a reduction in the discount rate used for funding purposes of 0.20%, from 7.00% to 6.80%. Since CalPERS was in the final stages of the four-year Asset Liability Management (ALM) cycle, the board elected to defer any changes to the asset allocation until the ALM process concluded, and the board could make its final decision on the asset allocation in November 2021.

On November 17, 2021, the board adopted a new strategic asset allocation. The new asset allocation along with the new capital market assumptions, economic assumptions and administrative expense assumption support a discount rate of 6.90% (net of investment expense but without a reduction for administrative expense) for financial reporting purposes. This includes a reduction in the price inflation assumption from 2.50% to 2.30% as recommended in the November 2021 CalPERS Experience Study and Review of Actuarial Assumptions. This study also recommended modifications to retirement rates, termination rates, mortality rates and rates of salary increases that were adopted by the board. These new assumptions will be reflected in the GASB 68 accounting valuation reports for the June 30, 2022, measurement date.

Notes to Financial Statements
Year Ended June 30, 2022**

15) PUBLIC AGENCY RETIREMENT SYSTEM (PARS)

A) General Information about the EPMC Replacement Supplemental Pension Plan

Plan Description and Benefits Provided

Effective November 1, 2007, the City established an agent multiple-employer defined benefit plan to supplement the current CalPERS retirement benefits that is to be administered for the City by the Public Agency Retirement System (PARS), a third-party administrator. The plan meets the requirements of a pension trust under California Government Code. Phase II Systems is the PARS Trust Administrator. The plan does not issue separate financial reports.

The EPMC Replacement Plan was established to replace a long-standing benefit for city employees no longer allowed by CalPERS. The plan provides for a benefit in an amount equal to the member's years of service, times the member's final pay, times the CalPERS age factor, times .70% for miscellaneous employees (times .89% for safety employees). At the time of retirement, employees will make an election to receive either a lump sum payment or receive ongoing stipends over their lifetime.

Employees shall be eligible to receive benefits under this plan if he or she meets all of the following requirements under one of the following tiers:

Tier 1

- Full time miscellaneous employees on or after July 1, 2004 but hired prior to July 1, 2011.
- Classified as a department head or city council, employee represented by the Confidential Employees' Association, General Employees' Association, West Covina Maintenance and Crafts Employees' Association, Mid-Management Employees' Association and Non-Sworn Support Employees' Association.
- Has had compensable earnings under CalPERS impacted by CalPERS regulation, thereby causing a reduction in CalPERS benefits.
- At least fifty (50) years of age.
- Has completed at least one year of employment.
- Has terminated employment with the City and concurrently retired under
- CalPERS under a regular service retirement and remains in retired status under CalPERS.
- Has applied for benefits under this plan.

Tier 2

- Full time miscellaneous employees on or after July 1, 2004 but hired prior to July 1, 2011.
- Fire safety employee on or after July 1, 2004 but hired prior to July 1, 2012.
- Police management employee on or after July 1, 2004 but hired prior to December 31, 2012, or an employee hired prior to January 1, 2013 who promotes or transfers to police management position on or after January 1, 2013.

**City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022**

15) PUBLIC AGENCY RETIREMENT SYSTEM (PARS) - Continued

- Not represented by the West Covina Police Officers Association.
- Has had compensable earnings under CalPERS impacted by CalPERS regulation, thereby causing a reduction in CalPERS benefits.
- At least fifty (50) years of age.
- Has completed at least one year of employment
- Has terminated employment with the City and concurrently retired under CalPERS under a regular service retirement, and remains in retired status under CalPERS.
- Has applied for benefits under this plan.

Contributions - The City makes all contributions to these plans. Participants do not make any contributions. The actuarially required contribution is determined on the funding policy and most recent measurement available when the contribution for the reporting period was adopted. The City is funding the plan to pay the benefit payments payable each year. The City's contribution for the year ended June 30, 2022 was \$51,428.

Employees Covered

At June 30, 2021, the valuation date, the following employees were covered by the benefit terms for the plan:

	EPMC
Inactive employees or beneficiaries currently receiving benefits	47
Active employees	87
Total	134

Net Pension Liability

The City's net pension liability for the Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of the Plan is measured as of June 30, 2021, using an annual actuarial valuation as of June 30, 2021. A summary of principal assumptions and methods used to determine the net pension liability is shown below.

Actuarial Assumptions - The total pension liabilities in the June 30, 2021 actuarial valuations were determined using the following actuarial assumptions:

	EPMC
Valuation date	June 30, 2021
Measurement date	June 30, 2021
Actuarial cost method	entry-age normal
Actuarial assumptions:	
Discount rate	5.75% at June 30, 2021 6.25% at June 30, 2022
Inflation	2.55%
Mortality	CalPERS 2000-2019 Experience Study
Mortality Improvement	Mortality projected fully generation with scale MP-2021

**City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022**

15) PUBLIC AGENCY RETIREMENT SYSTEM (PARS) - Continued

Discount Rate

GASB 67 and 68 generally require that a blended discount rate be used to measure the Total Pension Liability (the Actuarial Accrued Liability calculated using the Individual Entry Age Normal Cost Method). The long-term expected return on plan investments may be used to discount liabilities to the extent that the plan's Fiduciary Net Position (fair market value of assets) is projected to cover benefit payments and administrative expenses. A 20-year high quality (AA/Aa or higher) municipal bond rate must be used for periods where the Fiduciary Net Position is not projected to cover benefit payments and administrative expenses. Determining the discount rate under GASB 67 and 68 will often require that the actuary performs complex projections of future benefit payments and asset values.

The following circumstances were included in the evaluation of sufficiency for the City:

- Annual contributions of 0.7% of payroll (closed group basis) are assumed (beginning with 2015/16).
- Benefit payments are annually withdrawn from the Trust until assets are exhausted and then benefit payments made directly by the City.
- All cash flows are assumed to occur on average halfway through the year.
- The long-term expected rate of return on pension plan investments is 5.75%.
- The actuarial assumptions do not change.
- GASB 67 and 68 specify that the projections regarding future solvency assume that plan assets earn the assumed rate of return and there are no future changes in the plan provisions or actuarial methods and assumptions, which means that the projections would not reflect any adverse future experience which might impact the plan's funded position.

Based on these circumstances, it is the actuary's opinion that a depletion date projection is not appropriate. Therefore, the discount rate is based on the projected portion of the Total Pension Liability funded by the Fiduciary Net Position in each future year. For the funded portion, the long-term expected rate of return on pension plan investments (5.75%) was used. For the unfunded portion, the Bond Buyer 20-Bond Go Index as of the June 30, 2021, measurement date (2.16%) was used. The discount rate used (2.16%) represents the single equivalent rate of return, as described under GASB 68 (paragraph 31).

The best-estimate range for the long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation.

The table bellows reflects the long-term expected real rate of return by asset class:

Asset Class	Target Allocation	Expected Real Rate of Return
Equity	58%	4.56%
REITs	2%	4.06%
Fixed Income	35%	78.00%
Cash	5%	-0.50%
Total	<u>100.00%</u>	

**City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022**

15) PUBLIC AGENCY RETIREMENT SYSTEM (PARS) - Continued

The plan's fiduciary net position was not projected to be available to make all projected future benefit payments of current retirees. Therefore, the discount rate for calculating the total pension liability is equal to the single equivalent rate that results in the same actuarial present value as the long-term expected rate of return applied to benefit payments, to the extent that the plan's fiduciary net position is projected to be sufficient to make projected benefit payments, and the municipal bond rate applied to benefit payments, to the extent that the plan's fiduciary net position is not projected to be sufficient. The City chose the Bond Buyer General Obligation 20-Bond Index resulting in the use of a 2.16% discount rate (single equivalent rate of return) in calculating the pension liability.

Changes in the Net Pension Liability

The changes in the net pension liability for the Plan are as follows:

	Increase (Decrease)		
	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability/(Asset)
Balance at June 30, 2020 (June 30, 2021 reporting date)	\$ 1,209,162	\$ 87,925	\$ 1,121,237
Changes in the year:			
Service cost	26,943	-	26,943
Interest on the total pension liability	31,913	-	31,913
Changes of benefit terms	-	-	-
Differences between expected and actual experience	10,382	-	10,382
Changes in assumptions	38,703	-	38,703
Contributions from the employer	-	52,666	(52,666)
Net investment income	-	18,413	(18,413)
Benefit payments, including refunds	(81,760)	(81,760)	-
Administrative/other expense	-	(6,231)	6,231
Net changes	26,181	(16,912)	43,093
Balance at June 30, 2021 (June 30, 2022 reporting date)	\$ 1,235,343	\$ 71,013	\$ 1,164,330

Sensitivity of the Net Pension Liability to Changes in the Discount Rate – The following presents the net pension liability (asset) of the City for the Plan, calculated using the discount rate for the Plan, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

1% Decrease		1.31%
Net Pension Liability	\$	1,312,847
Current Discount Rate		2.31%
Net Pension Liability	\$	1,164,330
1% Increase		3.31%
Net Pension Liability	\$	1,042,852

15) PUBLIC AGENCY RETIREMENT SYSTEM (PARS) - Continued

Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended June 30, 2022, the City recognized pension expense of \$121,274 for the Plan. At June 30, 2022, the City reported deferred outflows and deferred inflows related to the Plan from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 51,428	\$ -
Differences between actual and expected experience	74,295	4,800
Changes in assumptions	207,997	38,023
Net differences between projected and actual earnings on plan investments	-	8,158
Total	\$ 333,720	\$ 50,981

The \$51,428 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows and deferred inflows related to pensions will be recognized as pension expense as follows:

Year Ending	EPMC
June 30,	
2023	\$ 53,475
2024	49,605
2025	49,107
2026	47,298
2027	31,023
Thereafter	803

Payable to the Pension Plan: The City had no outstanding contributions to the pension plan required for the year ended June 30, 2022.

B) Supplemental Retirement Plan for Executive Staff and City Council Pension Plan

Plan Description and Benefits Provided

Effective November 1, 2007, the City established a agent multiple-employer defined benefit plan to supplement the current CalPERS retirement benefits that is to be administered for the City by with the Public Agency Retirement System (PARS), a third-party administrator. The plan meets the requirements of a pension trust under California Government Code. Phase II Systems is the PARS Trust Administrator. The plan does not issue separate financial reports and is closed to new hires.

This agent multiple-employer defined benefit pension plan is separated into three tiers.

**City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022**

15) PUBLIC AGENCY RETIREMENT SYSTEM (PARS) - Continued

Tier 1 (full-time non-safety Department Head and the City Manager) and Tier 2 (City Council) provides an additional retirement amount to miscellaneous department heads, City Manager and City Council in an amount equal to the amount of \$823 per month. This benefit amount increases each year by CPI, up to 2%. In order to be eligible for this benefit, participants must have five years of service with the City and must retire into PERS from the City.

Tier 3 (City Manager) provides an increased retirement benefit to a former City Manager consistent with the terms of his contract. It will convert the retirement formula for all years of prior CalPERS service at non-West Covina agencies to the CalPERS 2.5% @ 55 formula currently in place with the City of West Covina.

Contributions

All three tiers are combined for funding purposes in this plan. The City makes all contributions to these plans. Participants do not make any contributions. The actuarially required contribution is determined on a pay as you go funding policy and most recent measurement available when the contribution for the reporting period was adopted. The City is funding the plan to pay the benefit payments payable each year. The City's contribution for the year ended June 30, 2022 was \$80,949.

Employees Covered

At June 30, 2021, the measurement date, the following employees were covered by the benefit terms for the plan:

	Supplemental
Inactive employees or beneficiaries currently receiving benefits	11
Active employees	1
Total	12

Net Pension Liability

The City's net pension liability for the Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of the Plan is measured as of June 30, 2021, using an annual actuarial valuation as of June 30, 2021. A summary of principal assumptions and methods used to determine the net pension liability is shown below.

**City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022**

15) PUBLIC AGENCY RETIREMENT SYSTEM (PARS) - Continued

	Supplemental
Valuation date	June 30, 2021
Measurement date	June 30, 2021
Actuarial cost method	entry-age normal
Actuarial assumptions:	
Discount rate	2.23%
Inflation	2.50%
Salary Increase	3.00%
Benefit Increase	2.00%
Mortality	CalPERS 2000 - 2019 Experience Study
Investment Rate of Return	5.75%

Discount Rate

GASB 67 and 68 generally require that a blended discount rate be used to measure the Total Pension Liability (the Actuarial Accrued Liability calculated using the Individual Entry Age Normal Cost Method). The long-term expected return on plan investments may be used to discount liabilities to the extent that the plan's Fiduciary Net Position (fair market value of assets) is projected to cover benefit payments and administrative expenses. A 20-year high quality (AA/Aa or higher) municipal bond rate must be used for periods where the Fiduciary Net Position is not projected to cover benefit payments and administrative expenses. Determining the discount rate under GASB 67 and 68 will often require that the actuary perform complex projections of future benefit payments and asset values. GASB 67 (paragraph 43) and 68 (paragraph 29) do allow for alternative evaluations of projected solvency, if such evaluation can reliably be made. GASB does not contemplate a specific method for making an alternative evaluation of sufficiency; it is left to professional judgment.

The following circumstances justify an alternative evaluation of sufficiency for the City:

- The City ceased contributions and withdrawals from the Trust. The City will pay benefits directly to retirees until the trust is sufficient, on an expected basis, to pay all remaining benefits.
- All cash flows are assumed to occur on average halfway through the year.
- The long-term expected rate of return on pension plan investments is 5.25%.
- The actuarial assumptions do not change.
- GASB 67 and 68 specify that the projections regarding future solvency assume that plan assets earn the assumed rate of return and there are no future changes in the plan provisions or actuarial methods and assumptions, which means that the projections would not reflect any adverse future experience which might impact the plan's funded position.

Based on these circumstances, it is the actuary's opinion that a depletion date projection is not appropriate. Therefore, the discount rate is based on the projected portion of the Total Pension Liability funded by the Fiduciary Net Position in each future year. For the funded portion, the long-term expected rate of return on pension plan investments (5.75%) was used. For the unfunded portion, the Bond Buyer 20-Bond Go Index as of the June 30, 2021, measurement date, (2.16%) was used. The discount rate used (2.23%) represents the single equivalent rate of return, as described under GASB 68 (paragraph 31).

City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022

15) PUBLIC AGENCY RETIREMENT SYSTEM (PARS) - Continued

The best-estimate range for the long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation.

The table below reflects the long-term expected real rate of return by asset class:

Asset Class	Target Allocation	Expected Real Rate of Return
Equity	58%	4.56%
REITs	2%	4.06%
Fixed Income	35%	0.78%
Cash	5%	-0.50%
Total	100.00%	

The plan's fiduciary net position was not projected to be available to make all projected future benefit payments of current retirees. Therefore, the discount rate for calculating the total pension liability is equal to the single equivalent rate that results in the same actuarial present value as the long-term expected rate of return applied to benefit payments, to the extent that the plan's fiduciary net position is projected to be sufficient to make projected benefit payments, and the municipal bond rate applied to benefit payments, to the extent that the plan's fiduciary net position is not projected to be sufficient. The City chose the Bond Buyer General Obligation 20-Bond Index resulting in the use of a 3.63% discount rate (single equivalent rate of return) in calculating the pension liability.

Changes in the Net Pension Liability

The changes in the net pension liability, with a measurement date of June 30, 2021, for the Plan are as follows:

	Increase (Decrease)		
	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability/(Asset)
Balance at June 30, 2020 (June 30, 2021 reporting date)	\$ 4,901,327	\$ 461,803	\$ 4,439,524
Changes in the year:			
Service cost	-	-	-
Interest on the total pension liability	113,650	-	113,650
Changes of benefit terms	-	-	-
Differences between expected and actual experience	168,573	-	168,573
Changes in assumptions	81,046	-	81,046
Contributions from the employer	-	79,364	(79,364)

Payable to the Pension Plan: The City had no outstanding contributions to the pension plan required for the year ended June 30, 2022.

**City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022**

16) DEFINED CONTRIBUTION RETIREMENT PLAN

During the 1991-1992 fiscal year, the City established the West Covina Part-Time Retirement Plan, a defined contribution retirement plan, for all non-benefited, part-time employees in accordance with Internal Revenue Code Section 457, to conform to Section 3121(b)(7)(F) of the Internal Revenue Code added by the Omnibus Budget Reconciliation Act of 1990. The plan is administered by Nationwide Retirement Solutions. The plan was established by the authority of the City Council who retains the authority to amend the plan.

A defined contribution pension plan provides pension benefits in return for services rendered, provides an individual account for each participant, and specifies how contributions to the individual's account are to be determined instead of specifying the amount of benefits the individual is to receive. Under a defined contribution pension plan, the benefits a participant will receive depend solely on the amount contributed to the participant's account and the returns earned on investments of the contributions.

Part-time, non-benefited, non-persable employees of the City must participate in the plan. During 2012-13, 195 part-time employees participated in the plan. All contributions to the plan vest immediately. An employee who leaves the City is entitled to all contributions and earnings applied to the individual's account through the date of separation, less legally required income tax withholding. Contribution levels into the deferred compensation plan were established by City Council resolution at 0% for the City and 7.5% for non-benefited, non-persable part-time employees.

During the year, total required and actual contributions amounted to \$77,581 and covered payroll for the year ended June 30, 2022 totaled \$1,034,404. No contributions were made by the City and employees contributed \$77,581 (7.72% of current covered payroll). Total plan assets at June 30, 2022 were \$880,170. Plan assets are held in trust for the exclusive benefit of participants and their beneficiaries and, therefore, are not included in the financial statements.

17) OTHER POST EMPLOYMENT BENEFITS

General Information About the OPEB Plan

Plan Descriptions

Medical - The City administers a single-employer defined benefit plan which provides healthcare benefits to eligible retirees and their dependents in accordance with various labor agreements. City paid amounts are capped at varying amounts depending on employee's bargaining unit, as follows:

- Police:
 - \$1,005 per month for employees hired before July 1, 2012, with five years of sworn service or hired after July 1, 2012, with more than twenty years of sworn service
 - PEMHCA minimum amount (\$143 and \$149 per month in calendar years 2021 and 2022, respectively) for employees hired after July 1, 2012, with less than twenty years of sworn service
- Fire:
 - \$1,005 per month for employees hired before July 1, 2012, with five years of sworn service
 - EMHCA minimum amount (\$143 and \$149 per month in calendar years 2021 and 2022, respectively) for employees hired after July 1, 2012

**City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022**

17) OTHER POST EMPLOYMENT BENEFITS - Continued

- Miscellaneous:
 - PEMHCA minimum amount (\$143 and \$149 per month in calendar years 2021 and 2022, respectively).

Life Insurance - Eligible retirees, in accordance with various labor agreements, receive life insurance benefits from the City as follows:

- \$500 Confidential/Exempt, General, Maintenance and Non-Sworn Safety bargaining units
- \$10,000 Executive Management, Mid-Management, Police Management (retired after September 1, 2006), Fire Management and Fire bargaining units
- \$10,500 Police bargaining unit

Employees Covered by Benefit Terms - As of the June 30, 2021 actuarial valuation, the following current and former employees were covered by the benefit terms under the Plan:

Active Employees	279
Inactive employees entitled to, but not yet receiving benefits	175
Retirees or spouses of retirees currently receiving benefits	261
Total	715

Contributions - The contribution requirements of plan members and the City are established and may be amended by City Council. The contribution required to be made under City Council and bargaining unit requirements is based on a pay-as-you-go basis (i.e. as medical insurance premiums become due). For fiscal year ended June 30, 2022, the City contributed \$2,410,187 to the plan, including \$2,018,187, for current premiums (100% of total premiums), and \$392,000 of implied subsidy premiums.

Total OPEB Liability - The City's total OPEB liability was measured as of June 30, 2021 and the total OPEB liability determined by an actuarial valuation dated June 30, 2021, based on the following actuarial methods and assumptions:

Valuation Date	June 30, 2021
Actuarial Cost Method	Entry Age Actuarial Cost
Mortality	CalPERS 2000 - 2019 Experience Study
Health Care Trend Rate	Non-Medicare - 6.5% for 2023, 3.75% ultimate Medicare - 5.65% for 2023, 3.75% ultimate
PEMHCA Minimum Increase	4.0% Annually
Inflation Rate	2.50%
Salary Changes	2.75%
Discount Rate	2.16% at June 30, 2021 2.21% at June 30, 2020

Discount Rate - The discount rate used to measure the total OPEB liability was 2.16% at June 30, 2021.

**City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022**

17) OTHER POST EMPLOYMENT BENEFITS – Continued

Changes in the Total OPEB Liability

	Total OPEB Liability (TOL)
Balance at June 30, 2021 (2020 Measurement Date)	\$ 76,070,626
Changes in the year:	
Service cost	2,306,792
Interest on the total OPEB liability	1,704,367

Changes of assumptions	(3,773,434)
Benefit payments, including refunds	(2,513,526)
Net changes	(10,974,517)
Balance at June 30, 2022 (2021 Measurement Date)	\$ 65,096,109

Sensitivity of the Total OPEB Liability to changes in the Discount Rate - The following presents the total OPEB liability of the City if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

	Discount Rate 1% Lower	Valuation Discount Rate	Discount Rate 1% Higher
Total OPEB liability (asset)	\$ 76,114,403	\$ 65,096,109	\$ 56,337,847

Sensitivity of the Total OPEB Liability to changes in the Healthcare Cost Trend Rates - The following presents the total OPEB liability of the District, as well as what the District's Total OPEB would be if it were calculated using a healthcare cost trend rate that is 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rate:

	1% Decrease	Current Healthcare Cost Trend Rate	1% Increase
Total OPEB liability (asset)	\$ 61,656,700	\$ 65,096,109	\$ 68,610,897

OPEB Expense and Recognition of Deferred Outflows/Inflows of Resources Related to OPEB

The Plan Fiduciary Net Position was \$0 at the June 30, 2021 measurement date, as the City is not prefunding with an OPEB trust. The City does not have assets accumulated in a trust that meets the criteria of GASB 75 to pay related benefits.

Gains and losses related to changes in total OPEB liability and fiduciary net position are recognized in OPEB expense systematically over time. Amounts are first recognized in OPEB expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to OPEB and are to be recognized in future OPEB expense. The net difference between projected and actual earnings on OPEB plan investments is amortized using the straight-line method over 5 years, while all other amounts are amortized over the expected average remaining service lifetime (EARSL) of plan participants, which was 5.1 years as of the 2019 valuation date.

**City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022**

17) OTHER POST EMPLOYMENT BENEFITS – Continued

OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

For the year ended June 30, 2022, the City recognized OPEB expense of \$2,741,166. The City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows	Deferred Inflows
OPEB Contributions Subsequent to the Measurement Date	\$ 2,410,187	\$ -
Changes of Assumptions	9,551,916	4,773,331
Net differences between expected and actual experience	-	7,749,032
Total	\$ 11,962,103	\$ 12,522,363

The \$2,410,187 reported as deferred outflows of resources related to contributions subsequent to the June 30, 2021 measurement date will be recognized as a reduction of the net OPEB liability during the fiscal year ended June 30, 2023. Other amounts reported as deferred outflows of resources related to OPEB will be recognized as expense as follows:

Year Ending June 30,	
2023	\$ (1,033,944)
2024	24,194
2025	267,942
2026	(2,228,639)
2027	-
Thereafter	-

18) COMMITMENTS AND CONTINGENCIES

- A) In 1989, in order to assist in the expansion of the Fashion Plaza shopping center, the City enacted an ordinance to allow the Redevelopment Agency of the City of West Covina (the predecessor to the West Covina Community Development Commission) to receive the sales tax generated as a result of the expansion project. At the same time, the City enacted an ordinance providing a credit for sales tax payable by the developer in the amount equal to the sales tax due to the redevelopment agency. These sales tax ordinances and related agreements between the City and the Agency essentially transferred the sales tax increment due to the Fashion Plaza expansion project from the City to the Agency.
- B) On July 25, 2005, the Board of Directors of the former West Covina Community Development Commission adopted Resolution No. 2005-50. By this resolution, the Board of Directors authorized the Commission to reimburse the City of West Covina over a period of 17 years for the sales tax revenue that had essentially been shifted from the City to the Agency. These budgeted interfund transfers between the primary government of the City of West Covina and the former Community Development Commission will be recorded in the fiscal year that they result in a flow of current financial resources, as required by the measurement focus prescribed for governmental funds. As a result of the dissolution of the Redevelopment Agency, the Department of Finance has deemed this agreement as an unenforceable obligation.

Year Ended June 30, 2022

19) SUCCESSOR AGENCY DISCLOSURES

The assets and liabilities of the Commission's former non-housing redevelopment activities were transferred to the City in its fiduciary capacity as the Successor Agency to the Redevelopment Agency of the City of West Covina on February 1, 2012, as a result of the dissolution of California redevelopment agencies. These assets and liabilities and any activities related to them are reported in the City's fiduciary private-purpose trust fund financial statements. Disclosures related to these assets and liabilities are as follows:

Assessment Receivable

In connection with the Commission's issuance of its \$51,220,000 1996 Special Tax Refunding Bonds, \$32,520,000 in assessments receivable was recorded. The assessment is an annual special tax levied on the Community Facilities District No.1989-1 in an amount sufficient to ensure payment of the debt service on the 1996 Special Tax Refunding Bonds. This special tax supplements sales and property tax increment revenues that also support the debt service on the bonds. The assessments receivable outstanding as of June 30, 2022 was \$4,990,000.

Due from the City of West Covina

As part of the dissolution process, AB1484 required the Successor Agency to have due diligence reviews of both the low and moderate-income housing funds and all other funds to be completed by October 15, 2012, and January 15, 2013, to compute the funds (cash) which were not needed by the Successor Agency to be retained to pay for existing enforceable obligations. The Successor Agency remitted \$1,891,166 to the County Auditor-Controller (CAC) on December 19, 2012, for the low and moderate-income housing funds due diligence review.

The due diligence review for all other funds was finalized with the final letter of determination issued by the DOF on April 24, 2013. The DOF determined that the principal and interest payments made by the former Community Development Commission totaling \$12,205,531 on various loans from the City of West Covina for the period January 1, 2011, to June 30, 2012, were on loans not made within the first two years of the formation of the former redevelopment agency. The DOF ordered the Successor Agency to remit \$11,578,351 to the CAC within five days from the date of the letter.

City management, in consultation with its legal counsel, did not agree with the DOF's decision and filed a lawsuit to contest the decision. The City also did not remit the payments that were disallowed to the CAC. In December 2015, the City entered into a settlement agreement, which requires the City to repay the \$11,578,351 over a period of 20 years. See additional details on the long-term payable in Note 8. As the City repays the Successor Agency, the Successor Agency will remit the amounts collected to the CAC. The City reported a long-term liability of \$7,525,925 (reported as part of notes payable) in the governmental activities and a receivable of \$7,525,925 in the Successor Agency related to the DOF's determination at June 30, 2022.

Land Held for Resale

Land held for resale is valued at the lower of cost or the sales price per contract with the developer. The land held for resale at June 30, 2022 was comprised of BKK Project in the amount of \$54,279.

**City of West Covina

19) SUCCESSOR AGENCY DISCLOSURES – Continued

Long-Term Liabilities

Changes in long-term liabilities for the Successor Agency are as follows:

	Beginning Balance	Additions	Deletions	Ending Balance	Due Within One Year
1996 Special Tax Bonds	\$ 8,960,000	\$ -	\$ (4,055,000)	\$ 4,905,000	\$ 4,905,000
Tax Allocation Bonds:					
Series 2017, Refunding	8,450,000	-	(1,615,000)	6,835,000	1,425,000
Premium	194,673	-	(14,975)	179,698	14,975
Developer Agreement Payable	80,253,948	8,342,700	-	88,596,648	-
Total	<u>\$ 97,858,621</u>	<u>\$ 8,342,700</u>	<u>\$ (5,684,975)</u>	<u>\$ 100,516,346</u>	<u>\$ 6,344,975</u>

1996 Special Tax Bonds

In 1996, the Community Development Commission issued \$51,220,000 of Special Tax Refunding Bonds comprised of \$9,980,000 of serial bonds and \$41,240,000 of term bonds to finance public parking facilities, street and other improvements located in or adjacent to the Community Development Commission Community Facilities District. The serial bonds matured during the fiscal year ended June 30, 2007. The term bonds bear interest at a rate from 5.75% to 6.0% payable semiannually and are due September 1, 2022. The term bonds are not subject to optional redemption; mandatory redemption begins September 1, 2007, then annually thereafter through September 1, 2022. Interest is payable semiannually on March 1 and September 1 of each year. The bonds are secured by and payable from a portion of the revenues derived from an annual special tax to be levied against all taxable real property within the Special Assessment District. In addition, the Commission has pledged certain other incremental revenues generated within the District consisting of property taxes and sales taxes. In addition, the reserve requirement of \$5,002,670 was fully funded at June 30, 2022. There was a bond call on March 1, 2016, for \$425,000. The outstanding principal balance of the bonds at June 30, 2022 was \$4,905,000.

The future debt service requirements for the bonds are as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total
2023	\$ 4,905,000	\$ 147,150	\$ 5,052,150
Totals	<u>\$ 4,905,000</u>	<u>\$ 147,150</u>	<u>\$ 5,052,150</u>

19) SUCCESSOR AGENCY DISCLOSURES – Continued

2017 Tax Allocation Revenue Refunding Bonds

On February 14, 2017, the Successor Agency issued Tax Allocation Revenue Refunding bonds, Series 2017A (Tax-Exempt) and 2017B (Federally Taxable). These bonds refinanced the 1998 Housing Set-Aside Tax Allocation Bonds Series A & B, the 2001 Housing Set-Aside Tax Allocation Revenue Bonds, the 2002 Tax Allocation Refunding Bonds and the 1999 Taxable Variable Rate Demand Tax Allocation Bonds. The bonds are payable from and secured solely from the Trust Estate, which will consist primarily of principal and interest payments on the Local Obligations to be purchased by the Authority as set forth in the Agency Indenture. The interest on the Series A bonds is payable semiannually on September 1 and March 1 of each year at interest rates ranging from 2% to 5%. The principal of the Series A bonds is due annually throughout 2026, in amounts ranging from \$400,000 to \$670,000. The interest on the Series B bonds is payable semiannually on September 1 and March 1 of each year at interest rates ranging from 1% to 3.75%. The principal of the Series B bonds is due annually throughout 2032, in amounts ranging from \$145,000 to \$1,215,000. The required reserve of \$1,537,074 at June 30, 2022 was fully funded. The principal balance of outstanding bonds at June 30, 2022 was \$6,835,000.

The future debt service requirements for the bonds are as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total
2023	\$ 1,425,000	\$ 205,613	\$ 1,630,613
2024	1,255,000	160,406	1,415,406
2025	1,290,000	117,281	1,407,281
2026	1,200,000	78,007	1,278,007
2027	145,000	58,409	203,409
2028	415,000	48,700	463,700
2029	425,000	33,469	458,469
2030	435,000	17,344	452,344
2031	150,000	6,375	156,375
2032	95,000	1,781	96,781
Totals	<u>\$ 6,835,000</u>	<u>\$ 727,385</u>	<u>\$ 7,562,385</u>

Developer Agreement Payable

On June 26, 1989, the Commission entered into an agreement with a developer to share certain future tax revenues generated by the Community Facilities District. Since 1992, the developer's share of revenues totaled \$55,372,039, the unpaid balance accrues interest at a rate of 10%. The Commission has made payments to the developer totaling \$21,678,037. The balance outstanding at June 30, 2022 was \$88,596,648. The Developer Advances are repaid by the Commission only from available funds in the Repayment Fund. The Repayment Fund is funded in any year the total of the Minimum Special, Tax and Agency Contributions exceeds the annual debt service on the Public Financing of the 1996 Special Tax Refunding Bonds. The Agency Contributions terminate once the outstanding principal and accrued interest on these bonds are paid in full.

City of West Covina
Notes to Financial Statements
Year Ended June 30, 2022

20) LEASES

Lease Receivable - In prior fiscal years, the City entered into various land lease agreements with third parties to lease pieces of land owned by the City. The initial lease terms ranged from 5 to 30 years. The City currently receives monthly payments from all leases of \$42,064. The City recognized \$424,909 in lease revenue and \$83,299 in interest revenue during the current fiscal year related to the various leases. As of June 30, 2022, the City's receivable for lease payments was \$7,257,992. Also, the City has a deferred inflow of resources associated with leases that will be recognized as revenue over the lease terms. As of June 30, 2022, the balance of the deferred inflow of resources was \$7,257,992.

21) IMPLEMENTATION OF GASB PRONOUNCEMENTS

The Governmental Accounting Standards Board has issued the following Statements, which may affect the City's financial reporting requirements in the future:

GASB 96 – Subscription-Based Information Technology Arrangements: The requirements of this Statement will improve financial reporting by establishing a definition for SBITAs and providing uniform guidance for accounting and financial reporting for transactions that meet that definition. Establishing the capitalization criteria for implementation costs also will reduce diversity and improve comparability in financial reporting by governments. This Statement also will enhance the relevance and reliability of a government's financial statements by requiring a government to report a subscription asset and subscription liability for SBITA and to disclose essential information about the arrangement. The disclosures will allow users to understand the scale and important aspects of a government's SBITA activities and evaluate a government's obligations and assets resulting from SBITAs. The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends June 30, 2023.

BUDGETS AND BUDGETARY ACCOUNTING

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for governmental funds. The City's budget ordinance requires that in June of each year the City Manager to the City Council for the fiscal year commencing the following July 1. As modified during public study sessions, the preliminary budget becomes the proposed budget. Following public hearings on the proposed budget, the final annual budget is adopted by the City Council in June of the fiscal year. After adoption of the final budget, transfers of appropriations within the general fund departments may be done by the City Manager. Budget transfers within a department/fund may be done by department heads. Budget modifications between funds and increases or decreases to a fund's overall budget must be approved by the City Council. Numerous properly authorized amendments are made during the fiscal year.

Budgetary control is enhanced by integrating the budget into the general ledger accounts. Encumbrance accounting (e.g. purchase orders) is employed by the City.

Notes to Schedule of Changes in Net Pension Liability and Related Ratios:

Benefit Changes: The figures above do not include any liability impact that may have resulted from plan changes which occurred after the June 30, 2018 valuation date. This applies to voluntary benefit changes as well as any offers of Two Years Additional Service Credit (a.k.a. Golden Handshakes).

Changes in Assumptions: In 2017, the accounting discount rate reduced from 7.65 percent to 7.15 percent. In 2016, there were no changes. In 2015, amounts reported reflected an adjustment of the discount rate from 7.5 percent (net of administrative expense) to 7.65 percent (without a reduction for pension plan administrative expense.) In 2014, amounts reported were based on the 7.5 percent discount rate.

* Pension schedules are intended to show information for ten years, additional years' information will be displayed as it becomes available.

OTHER GOVERNMENTAL FUNDS

**City of West Covina
Other Governmental Funds
Year Ended June 30, 2022**

Special Revenue Funds

Drug Enforcement Rebate

This fund accounts for the City's portion of revenue received from drug asset seizures. The revenue is used to enhance the police programs.

Air Quality Improvement

This fund accounts for the City's portion of motor vehicle registration fees collected under AB 2766. This fee was levied to fund programs to reduce air pollution from mobile sources such as cars, trucks and buses. Money is distributed to the cities based on population, and additional discretionary grants are made based on specific requests.

Proposition A

This fund accounts for the 0.5% sales tax collected in Los Angeles County which is used for transportation programs and projects.

Proposition C

This fund accounts for gasoline taxes which are restricted for transportation programs and projects.

Police Donations

This fund accounts for donations received and expenditures related to various police programs.

Transportation Development Act

This fund accounts for regional Transportation Development Act funds received from Los Angeles County which are used for local streets and roads.

AB939

This fund accounts for programs to reduce solid waste deposits in local landfills, pursuant to AB939.

Various Grants

This fund accounts for various Federal, State of California, and local grants that are restricted to expenditures for specific programs and projects.

Community Development Block Grant (CDBG)

This fund accounts for the activities of the Community Development Block Grant received from the U.S. Department of Housing and Urban Development.

SAFER Grant

This fund accounts for personnel costs that are reimbursable through the Staffing for Adequate Fire and Emergency Response (SAFER) Grant.

Inmate Welfare

This fund accounts for any money, refund, rebate or commission received from a telephone call from inmates while incarcerated to meet the requirements of California Penal Code: Part 3; Title 4; Chapter 1; Section 4025. The monies are to be expended for the benefit, education, and welfare of inmates confined within the jail. Any funds that are not needed for the welfare of the inmates may be expended for the maintenance of the jail facilities.

**City of West Covina
Other Governmental Funds
Year Ended June 30, 2022**

Special Revenue Funds - Continued

Public Safety Augmentation

This fund accounts for sales tax revenue legally restricted for public safety. Revenue is used to augment police operations.

COPS/SLESA

This fund accounts for revenue from the State restricted for supplementing police operations.

Park CESF

This fund is to account for coronavirus emergency supplemental funding received and expenditures in preventing, preparing for, and responding to the event.

Maintenance District #1

The City levies special benefit assessments and property taxes upon property within defined districts. Through the Los Angeles County Tax Collector, assessments are placed on the property owner's annual tax bill. These funds are used to maintain and improve the open spaces within the districts by providing landscape maintenance.

Maintenance District #2

The City levies special benefit assessments and property taxes upon property within defined districts. Through the Los Angeles County Tax Collector, assessments are placed on the property owner's annual tax bill. These funds are used to maintain and improve the open spaces within the districts by providing landscape maintenance.

Coastal Sage Shrub

This community facilities district was formed to provide for the restoration and ongoing maintenance of sensitive environmental habitat within the development area of a former landfill, including habitat for endangered species such as the California gnatcatcher (*Poliotila californica*).

Maintenance District #4

The City levies special benefit assessments and property taxes upon property within defined districts. Through the Los Angeles County Tax Collector, assessments are placed on the property owner's annual tax bill. These funds are used to maintain and improve the open spaces within the districts by providing landscape maintenance.

Maintenance District #6

The City levies special benefit assessments and property taxes upon property within defined districts. Through the Los Angeles County Tax Collector, assessments are placed on the property owner's annual tax bill. These funds are used to maintain and improve the open spaces within the districts by providing landscape maintenance.

Maintenance District #7

The City levies special benefit assessments and property taxes upon property within defined districts. Through the Los Angeles County Tax Collector, assessments are placed on the property owner's annual tax bill. These funds are used to maintain and improve the open spaces within the districts by providing landscape maintenance.

Citywide Maintenance District

Revenue for the fund comes from annual special benefit assessments from property owners who benefit from covered improvements. This fund provides the majority of funding for the City's street lighting system and street tree program.

**City of West Covina
Other Governmental Funds
Year Ended June 30, 2022**

Special Revenue Funds - Continued

Sewer Maintenance

This fund supports the City's street sweeping program and maintenance of the City's sewer system. The City also provides services to the City of Covina through this fund.

Auto Plaza Improvement District

This fund is an assessment district supported by six of West Covina's automobile dealers to fund the construction, maintenance and operations of a reader board adjacent to Interstate 10.

General Plan Update

This fund accounts for the General Plan and Zoning Code Update Surcharge which is designated to be used for future plan updates.

Measure W

This fund accounts for the special parcel tax on all property owners in Los Angeles County approved November 2018. This tax raises funds to pay for stormwater projects including the infrastructure and any associated programs to capture, treat and recycle rainwater.

Charter PEG

This fund accounts for monies received from the City's cable television franchisee for a one-time litigation settlement and for cable-related capital expenditures.

Art in Public Places

This fund accounts for development fees paid in lieu of acquisition and installation of approved artwork in a development with expenditures restricted to acquisition, installation, maintenance and repair of artworks at approved sites.

West Covina Community Services Foundation

This fund accounts for activity of the West Covina Community Services Foundation, a 501(c) (3) nonprofit organization.

Measure R

This fund accounts for sales tax revenues collected in Los Angeles County to provide transportation related projects and programs.

Measure M

Under Measure M, the City receives a portion of a ½ cent sales tax levied in Los Angeles County to provide transportation related projects and programs. The City uses Measure M Funds for certain capital projects or transportation projects such as street rehabilitation and reconstruction, traffic monitoring systems, and congestion management and planning.

Measure A

Under Measure A, the City receives a portion of a 1.5 cent per square foot parcel tax levied in Los Angeles County to help fund new parks and maintain existing ones. The City uses Measure A Funds for certain capital projects related to parks, such as rebuilding restrooms, updating park parking lots, and the purchase of new playground equipment.

Community Corrections

This fund is used to account for grant activity from the Board of State and Community Corrections.

**City of West Covina
Other Governmental Funds
Year Ended June 30, 2022**

Special Revenue Funds - Continued

Measure H

This funding accounts for funding received and expenditures related to prevent and combat homelessness.

CASP Training

This fund accounts for funding received and expenditure incurred to support jailer mental health awareness training programs.

Sportsplex

This fund accounts for activity at the West Covina Sportsplex, a recreation facility which amenities include softball fields, a pavilion, playgrounds, and restaurants.

Capital Projects Funds

City Capital Projects

This fund accounts for all capital expenditures not being accounted for in the capital projects described below or in other fund types.

Construction Tax

This fund accounts for monies received from developers based on the construction of dwelling units and used primarily to construct public domain assets.

Information Technology

The funds paid into this fund are to be used for information technology capital outlay projects.

Development Impact Fees

This fund accounts for fees received from residential developers to help fund the purchase/replacement of vehicles/equipment along with the repairs and improvements of city facilities.

Park Development

This fund accounts for park fees received from residential developers to be used for new park construction.

Future Street Improvements

This fund accounts for monies paid in-lieu of street rehabilitation improvements.

INTERNAL SERVICE FUNDS

**City of West Covina
Internal Service Funds
Year Ended June 30, 2022**

INTERNAL SERVICE FUNDS

The internal service funds are used to account for goods and services provided by one City department to other City departments on a cost reimbursement basis.

Fleet Management

This fund provides maintenance on materials and supplies for City vehicles and other gasoline or diesel powered equipment.

Self-Insurance

This fund accounts for the use of funds that are charged to departments for the administration and payment of claims under the City's self-insured general liability and workers' compensation programs.

Retiree Health Savings Plan

This fund accounts for the set aside lump sum benefits for retiring employees.

Vehicle Replacement

This fund provides for replacement of City vehicles.

NOTE:

In 1978, the voters of the State of California passed Proposition 13 which limited property taxes to a total maximum rate of 1% based upon the assessed value of the property being taxed. Each year, the assessed value of property may be increased by an "inflation factor" (limited to a maximum increase of 2%). With few exceptions, property is only reassessed at the time that it is sold to a new owner. At that point, the new assessed value is reassessed at the purchase price of the property sold. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above.

Total Tax Rate⁵	0.33456	0.14083	0.14116	0.14138

¹ In 1978, California voters passed Proposition 13 which set the property tax rate at a 1.00% fixed amount. This 1.00% is shared by all taxing agencies for which the subject property resides within. In addition to the 1.00% fixed amount, property owners are charged taxes as a percentage of assessed property values for the payment of any voter approved bonds.

² Overlapping rates are those of local and county governments that apply to property owners within the City. Not all overlapping rates apply to all city property owners.

³ City's share of 1% Levy is based on the City's share of the general fund tax rate area with the largest net taxable value within the City. ERAF general fund tax shifts may not be included in tax ratio figures.

⁴ Redevelopment Rate is based on the largest RDA tax rate area and only includes rate(s) from indebtedness adopted prior to 1989 per California State statute. RDA direct and overlapping rates are applied only to the incremental property values. The approval of ABX1 26 eliminated Redevelopment

⁵ Total Direct Rate is the weighted average of all individual direct rates applied to by the government preparing the statistical section information and excludes revenues derived from aircraft taxes. Beginning in 2013/14 the Total Direct Rate no longer includes revenue generated from the former redevelopment tax rate areas. Challenges to recognized enforceable obligations are assumed to have been resolved during 2012/13. For the purpose of this report, residual revenue is assumed to be distributed to the City in

Sub Total Overlapping Debt			<u>323,025,675</u>
City of West Covina Direct Debt - Lease Revenue Bonds			<u>249,274,843</u>
Total Direct and Overlapping Debt			<u>\$ 572,300,518</u>

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Glendora. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and, therefore, responsible for the debt, for each overlapping government.

(1) The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the County's taxable assessed value that is within the government's boundaries and dividing it by the County's total taxable assessed value.

Total debt applicable to the limit as a percentage of debt limit	0.0%	0.0%	0.0%	0.0%

The Government Code of the State of California provides for a legal debt margin of 15% of gross assessed valuation. However, this provision was enacted when assessed valuation was based upon 25% of market value. Effective with the 1981-82 fiscal year, each parcel is now assessed at 100% of market value (as of the most recent change in ownership for that parcel). Although the statutory debt limit has not been amended by the State since this change, the percentages presented in the above computations have been proportionately modified to 3.75% (25% of 15%) for the purpose of this calculation in order to be consistent with the computational effect of the debt limit at the time of the state's establishment of the limit.

CITY OF WEST COVINA

**Operating Indicators by Function
Last Ten Fiscal Years**

Function/Program	Fiscal Year			
	2013	2014	2015	2016
Public Safety:				
Police:				
Total arrests	2,755	2,537	2,544	2,624
Calls for police service (1)	65,554	69,874	71,098	72,368
Graffiti sites cleaned	19,910	20,014	16,156	N/A
Fire:				
Emergency responses	7,871	7,990	8,555	9,494
Fire inspections	837	749	717	778
Public Services:				
Building permits issued	3,882	2,925	3,617	5,038
Graffiti sites cleaned (2)	N/A	N/A	N/A	13,964
Community Services:				
Recreation class registrations (3)	6,027	6,283	6,487	7,129

Note:

- (1) Calls received that generated an incident number but not necessarily a police response.
- (2) Due to department restructuring, the responsibility for graffiti abatement was absorbed by the Police Department starting fiscal year 2008-2009 and by Public Works starting fiscal year 2015-2016.
- (3) The increase in recreation class registrations in FY18 relates to inclusions of daycare classes.
- (4) The decrease in recreation class registrations in FY20 relates to COVID restrictions.
