Chamber**

About the Event

The City of West Covina is thrilled to announce that we are celebrating West Covina Small Business Week (WCSBW).

As an advocate for the expansion of our local small businesses, the City of West Covina aims to recognize their significant contributions to our community. The City is delighted to host WCSBW and invites local small business owners and entrepreneurs to participate in our annual WCSBW event.

On the evening of Thursday, May 2, 2024, attendees can anticipate a gathering featuring celebrations, educational session, and networking opportunities.

The City is excited to also introduce the West Covina Chamber alongside the WCSBW. The event will be an informative evening where attendees can discover the benefits of joining the West Covina Chamber and becoming its inaugural members.
