# PAVEMENT MANAGEMENT PLAN UPDATE

## Description:

- The Pavement Management Program (PMP) provides a formal systematic approach to assessing, monitoring, and managing the condition of City street pavements in the most cost-effective manner. The results of the study help determine the most appropriate locations and the optimum approach to pavement rehabilitation.

## Status:

- The field survey is completed by the PMP consultant, and all streets have been field surveyed and data was entered into the system.

## Next Steps:

- Budget scenario analysis and recommended improvements for the next 5-year program is currently being prepared by the consultant.
- **January/February 2024** - Present recommendations to City Council

## Completion Date:

- End of 1<sup>st</sup> quarter in 2024
