SECOND QUARTER FINANCIAL REPORT

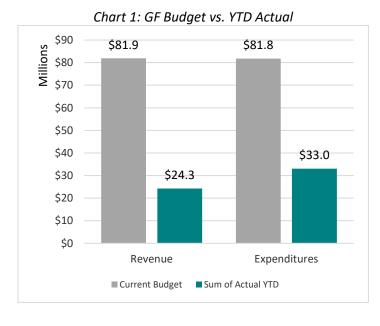

Fiscal Year 2023-24

The City has completed the first quarter of Fiscal Year (FY) 2023-24. This report summarizes the overall financial performance of the City for the period of July 1, 2023, through December 31, 2023, but it is not meant to be inclusive of all finance and accounting transactions. While the focus of the report is the General Fund, summary financial information is also provided for the Enterprise Fund and Special Revenue Funds. The information presented is unaudited. This report is intended to provide City Council and the public with an overview of the City's general fiscal condition.

The revenue and expenditures per the Budget to Year-To-Date (YTD) Actual comparisons include adjustments for carryovers and any appropriations made as of December 31, 2023. The information presented reports revenues as they are received and expenditures when paid. Revenues and expenditures are only accrued at year end to account for such activity in the correct fiscal year.

GENERAL FUND

The General Fund (GF) is the general operating fund for the City. It provides the resources to sustain the day-to-day activities and services to the community. All nine departments receive support, either directly or indirectly, from the General Fund.

The General Fund original budget for FY 2023-24 was \$81.9 million in revenue, \$81.8 million in expenditures, and a total revenue less expenditures of \$176,081. With 50% of the year complete, General Fund revenues are 29.6% of budget, and expenditures are 40.4%. Total revenues are \$24.3 million, and expenditures are \$33 million leaving a total revenue less expenditures negative 8.7 million.

GENERAL FUND REVENUE

The City's two major General Fund revenue sources are Property Tax and Sales Tax which make up 65% of the General Fund revenues combined.

Table 1: GF Revenue - Budget vs. YTD Actual

PROPERTY TAX

The first major property tax distribution to the City for FY 2023-24 was received in December. Included in this line item are Secured Property Taxes, Property Taxes In-Lieu of Vehicle License Fees (VLF), and residual payments from the dissolution of the former redevelopment agency.

SALES TAX

As of December 31, 2023, the allocation received represents approximately 35.7% of the total sales tax allocation for the year. This is typical for this time of year as there is a two-month lag in sales tax distributions. The City will continue to receive sales tax allocations with the final quarter allocation distributed by the California State Department of Taxes and Fees Administration (CDTFA) in August 2024. The City receives its sales tax projections from HdL. According to their December 2023 California Forecast, sales tax projections will be over the original budget. An increase has been included in the proposed budget amendment.

OTHER TAXES

This category includes Franchise Fees, Business License Tax, Transient Occupancy Tax (TOT), and Property Transfer Tax. At the end of the first quarter \$2.2 or 22.3 percent of the original budget projection had been realized. This is due to a lag in when these revenues are received. Additionally, these taxes are not evenly disbursed throughout the year.

CHARGES FOR SERVICES

These revenues include plan check and zoning related fees, recreation fees, interfund charges, police, and fire fees. These fees are trending slightly above projected at approximately 61.2% or \$3.9 million through December 2023. This is mainly due to Ambulance Services revenue that is trending over budget. This overage is included in the proposed budget amendment.

LICENSE & PERMITS

Revenues for licenses & permits include building and engineering permits, and animal licenses. Revenue projections are trending as projected at nearly 50% of the original budget projection or \$1.4 million.

REVENUES FROM OTHER AGENCIES

This category includes Vehicle In-Lieu, State Mandated Cost reimbursement revenue, and the exchange of

Prop A funds, which is the largest revenue source in this category. Most of this revenue is received one-time within the fiscal year. Additionally, the Prop A Exchange (which accounts for \$2.3 million) typically does not occur until the end of the fiscal year.

COST RECOVERY

This category accounts for mutual aid cost reimbursement for strike team deployments for the Fire Department. As of the second quarter, the City had not received any reimbursements.

INTERDEPARTMENTAL CHARGES

This category includes overhead chargebacks from internal service funds: General Liability, Workers Compensation, and Fleet Maintenance. These charges are billed monthly and equally distributed.

USE OF MONEY & PROPERTY

This category includes rental and interest income. These are trending over budget at 102.8% or \$1.3 million through December 2023. Interest income is trending over budget by 97% or \$1.1 million. This overage is included in the proposed budget amendment.

FINES & FORFEITURES

This category includes late payment penalties, collection agency fees, code fines, vehicle impound fees, and administrative citations. Overall, fines and forfeitures are 48 percent for the quarter.

OTHER REVENUES

This category includes proceeds from auction, advertising, final map, and other miscellaneous revenue. At the end of the second quarter, \$45k or 23% of the original budget projection has been realized.

TRANSFERS IN

This category includes a transfer from the Successor Agency for administrative costs. This transfer is made at the end of the fiscal year.

REVENUES PROJECTIONS

Revenue projections are revised with the Quarterly Report based on actuals to date. The total proposed adjustment is an increase of \$2,430,000 in revenue for the General Fund.

GENERAL FUND EXPENDITURES

As of December 31, 2023, with 50% of the year complete, 40.4% of the General Fund budget was expensed (see Table 3). With the exception of the Fire Department, all departments are trending under budget (under 50%). Fire is over due to Ground Emergency Medical Transportation (GEMT) Program payments. GEMT payments are expected to be reimbursed by the program, and a budget amendment will be proposed once the reimbursement is received.

GENERAL FUND OVERTIME

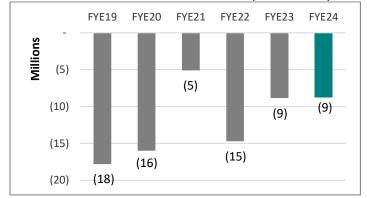

Table 4 summarizes overtime by department within the General Fund. Overtime is over budget in Administration and trending over budget in Community Development and Public Services. Police is trending within budget and Fire is trending under budget.

Table 4: GF Overtime YTD

Public Services	138,400	92,304	66.7%
Grand Total	7,224,800	3,216,411	44.5%

Overall, total General Fund Revenue (\$24.3M) less expenditures (\$33M) for the year is negative \$8.7 million. Negative revenue less expenditures is typical for this time of year due to the lag in property and sales tax revenue – the City's primary revenue sources. Except for FY 2020-21, when the City had an influx of revenue due to the pension bonds, current year revenue less expenditures are up from prior years.

PROPOSED BUDGET AMENDMENT

The original adopted General Fund budget for FY 2023-24 was \$81,751,959 for expenditures. The first quarter budget amendment had a positive net impact of \$33,796. The second quarter amendment proposes adding \$5,799,472 in expenditures and \$3,024,000 in revenue for net change of negative \$2,775,472. Excluding the use of unassigned fund balance (\$2,815,500), the overall impact is positive \$40,028. Table 5 summarizes the proposed amendment.

Grand Total	81,771,959	5,799,472	87,571,431

The proposed General Fund budget amendment totals \$5,799,472 and includes the following:

Revenue Increases (\$3,024,000): Sales Tax (\$724k) Interest Income (\$500k), Fines & Forfeitures (\$120k), Revenue from Other Agencies (\$10k), Ground Emergency Medical Transport (\$594k), Ambulance Services (\$870k), and Building Permit Revenue (\$206k).

Department Head Salary Increases (\$65,472): The salary increases approved by Council in December have been incorporated in the General Fund budget. The total fiscal impact of this increase is almost \$80k – the balance of which is spread across other funds as allocated.

Police Professional Services (\$20k): Expenditures are proposed to be increased to accommodate the psychological evaluations for the Carry Concealed Weapons (CCW) licenses applications.

Fire GEMT Payments (\$545k): Expenditures are proposed to be increased to accommodate the required program payments for the fiscal year. These are offset by the Ambulance revenue noted above.

Interfund Charges to General Liability and Workers' Compensation (\$2.725M): The City has settled several of its open general liability claims. The City settled a wrongful termination claim with a former City Clerk employee for \$275,000 in June 2023. Due to the timing, this claim was still on the outstanding claims listing as of June 30, 2023. Further, the City settled personal injury claim with a Fire employee for \$450,000 in November 2023. Additionally, the City settled a Police bodily injury claim with a claimant for \$1,350,000 in November 2023. The City has \$1,000,000 in self-insured retention, leaving \$350,000 to be covered by the City's excess carrier. Property and Liability Charges in each of these departments is proposed to be increases accordingly to accommodate Additionally, these settlements. Workers' Compensation claims paid are higher than anticipated due to injuries prior to 2021-22. Therefore, \$1M is proposed to be transferred to Fund 363.

Use of Unassigned Fund Balance (\$1,877,000): Per the City's Fund Balance Policy, the city shall maintain a minimum unassigned fund balance of at least 17% of the General Fund operating expenditures. At the end of the fiscal year, the annual excess revenue over expenditures in the City's General Fund will be automatically allocated as follows, unless the transfer is overridden by an action of City Council: 25% stays in the General Fund Balance reserves, 40% is transferred to the City's Capital Projects Fund, 10% is transferred to the Vehicle Replacement Fund, and 25% goes to pay down the City's Other Post Employment Benefit (OPEB) liability. Based on current year expenditures, the Available Fund Balance is \$3,754,000: 25% or \$938,500 is proposed to remain in the reserve, 40% or \$1,501,600 is proposed to be transferred to the Capital Projects Fund and 10% or \$375,400 is proposed to be transferred to the Vehicle Replacement Fund. The remaining 25% or \$938,500 is designated to pay down OPEB Liability, however, due to the unanticipated general liability settlements and claims, staff proposes utilizing this as part of the (\$1,725,000) transfer to Fund 361, the Self Insurance General/Auto Liability Fund.

ENTERPRISE FUND (FUND 375)

This fund accounts for the computer services provided by the Police Department to other public safety agencies for a fee. The programs are marketed to both public and private agencies. The Police Department also utilizes these products and services. Revenue is generally billed once annually. Expenditures are trending within the budget.

SPORTSPLEX (FUND 242)

This fund accounts for activity at the Sportsplex, a recreational facility with softball fields, a pavilion, playgrounds, and restaurants. Budget versus actual comparisons for both revenue and expenditures for the Sportsplex are presented in Table 7 below.

The Sportsplex budget is trending under overall at 50 percent. However, while salaries and benefits are under, materials and services are over. Thus, expenditures are proposed to be increased. This will be offset by an increase in Revenue so there is not any impact on the General Fund.
