

west covina small business week 2016

may 1st - may 7th

"Dream BIG, Start Small"

To commemorate this year's National Small Business Week (May 1- 7), the City of West Covina is hosting the 1st Annual West Covina Small Business Week (WCSBW). The City is partnering with the U.S. Small Business Administration (SBA), Small Business Development Center (SBDC) located at University of La Verne and Pasadena City College, Greater West Covina Business Association (GWC), and SCORE to host this year's WCSBW.

National Small Business Week (SBW) was established to recognize the critical contributions of America's entrepreneurs and small business owners. This year's SBW theme is "Dream BIG, Start Small". The City of West Covina is hosting the WCSBW to highlight the impacts of our local small business owners and support their growth.

The City is thrilled to be recognizing SBW and encourages local business owners and entrepreneurs to join us in the 1st WCSBW. To participate in the free WCSBW events, please register at bit.ly/westcovinasbw.
